### PRIVATE AND CONFIDENTIAL

March 24, 2021

Fieldwood Energy LLC 2000 W. Sam Houston Pkwy. S., Suite 1200 Houston, TX 77042 Attention: Mike Dane, Chief Financial Officer

### Commitment Letter

#### Ladies and Gentlemen:

Fieldwood Energy LLC, a Delaware limited liability company ("you" or the "Company"), has informed Goldman Sachs Bank USA ("we", "us" or "GS Bank" and, together with its affiliates, "Goldman Sachs") that the Borrower (as defined in Annex B), intends to establish the credit facility having the terms set forth in Annex B consisting of \$118,599,082.31 under a senior secured first lien term loan facility (the "First Lien Exit Facility") in connection with the emergence of the Company from proceedings (the "Chapter 11 Cases") pending under 11 U.S.C. §§ 101-1532 (the "Bankruptcy Code") in the United States Bankruptcy Court for the Southern District of Texas (the "Bankruptcy Court"), in order to implement the Transactions (as defined below). The proceeds of the First Lien Exit Facility are expected to be used in accordance with and as provided in the Third Amended Joint Chapter 11 Plan of Fieldwood Energy LLC and its Affiliated Debtors, a copy of which is attached hereto as Annex C (including any exhibits and schedules thereto and as further amended, supplemented, or otherwise modified with our consent (not to be unreasonably withheld), the "Plan") on the Closing Date (as defined in Annex B).

"Transactions" means, collectively, the Restructuring Transactions (as defined in the Plan), including, without limitation, the initial borrowings and other extensions of credit made (or deemed made) under the First Lien Exit Facility on the Plan Effective Date and the payment of fees and expenses in connection therewith.

We are pleased to confirm the arrangements under which (i) GS Bank is exclusively authorized by Company and the Borrower to act as sole arranger, administrative agent and collateral agent in connection with the First Lien Exit Facility, and (ii) GS Bank commits to provide the full \$118,599,082.31 principal amount of the First Lien Exit Facility, in each case on the terms and subject to the conditions set forth in this letter and in the attached **Annexes A** and **B** hereto (collectively, the "**Commitment Letter**"; capitalized terms used but not defined herein shall have the meanings given to them in the attached **Annex A** or **B**, as applicable). You hereby appoint GS Bank to act in each such role. Certain fees for our services related to the First Lien Exit Facility are set forth in a separate fee letter (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "**Fee Letter**"), entered into by the Company and GS Bank on the date hereof.

Further, in connection with the Transactions, GS Bank agrees that from the Execution Date to the earlier of (i) the Termination Date or (ii) the occurrence of any of the events listed on  $\underline{\text{Annex } D}$  attached hereto, it shall (a) support and not object to or support any other person or entity in objecting to or otherwise opposing the Plan, (b) timely vote or cause to be voted the Allowed FLFO Claims in favor of the Plan by delivering or causing to be delivered duly executed and completed ballot or ballots to accept such Plan, and (c) not change or withdraw (or cause or direct to be changed or withdrawn) any such vote in favor of the Plan.

Our commitments are subject to the following conditions (a) the accuracy and completeness in all material respects (but without duplication of materiality) of all representations that the Company, the Borrower and their respective subsidiaries made to GS Bank in the First Lien Exit Facility Documents (as defined in the Plan) and the Company's compliance in all material respects with the terms of this Commitment Letter and the Fee Letter; and (b) the satisfaction of all conditions precedent set forth in the First Lien Exit Facility Documents described in **Annex B** under the Section entitled "Conditions Precedent".

The terms of this Commitment Letter are intended as an outline of certain of the material terms of the First Lien Exit Facility, but do not include all of the terms, covenants, representations, warranties, default clauses and other provisions that will be contained in the First Lien Exit Facility Documents. The First Lien Exit Facility Documents shall include, in addition, provisions that are customary or typical for financings of this type.

GS Bank reserves the right to syndicate the First Lien Exit Facility to the First Lien Term Lenders. The Company agrees to cooperate with GS Bank in connection with and promptly respond to requests of GS Bank with respect to the preparation of an information package regarding the business, operations and financial projections of the Company, the Borrower and their respective subsidiaries including, without limitation, the delivery of all information relating to the transactions contemplated hereunder prepared by or on behalf of the Company or the Borrower deemed reasonably necessary by GS Bank to complete the syndication of the First Lien Exit Facility, the presentation of an information package acceptable in format and content to GS Bank in meetings and other communications with prospective First Lien Term Lenders in connection with the syndication of the First Lien Exit Facility (including, without limitation, direct contact between senior management and representatives of the Company and the Borrower with prospective First Lien Term Lenders and participation of such persons in meetings), the preparation and delivery to GS Bank of any and all other information deemed reasonably necessary by GS Bank to complete the syndication of the First Lien Exit Facility. The Company shall be solely responsible for the contents of any such information package and presentation and acknowledges that GS Bank will be using and relying upon the information contained in such information package and presentation without independent verification thereof. The Company agrees that information regarding the First Lien Exit Facility and information provided by the Company or its representatives to us in connection with the First Lien Exit Facility (including, without limitation, the Information and Projections (each as hereinafter defined), draft and execution versions of the First Lien Exit Facility Documents), may be disseminated to potential First Lien Term Lenders and other persons through one or more internet sites (including an IntraLinks, SyndTrak or other electronic workspace (the "Platform") created for purposes of syndicating the First Lien Exit Facility or otherwise, in accordance with GS Bank's standard syndication practices (including hard copy and via electronic transmissions). Without limiting the foregoing, the Company authorizes the use of its logo in connection with any such dissemination. The Company acknowledges that neither GS Bank nor any of its affiliates will be responsible or liable to the Company or any other person or entity for damages arising from the use by others of the information or other materials obtained on the Platform, except to the extent that such damages have been found by a final, nonappealable judgment of a court of competent jurisdiction to have resulted from the gross negligence or willful misconduct of GS Bank or its affiliates.

At the request of GS Bank, the Company agrees to prepare a version of the information package and presentation that does not contain material non-public information concerning the Company, the Borrower, their affiliates or its or their securities. In addition, the Company agrees that, unless specifically labeled "**Private – Contains Non-Public Information**," no information, documentation or other data disseminated to prospective First Lien Term Lenders in connection with the syndication of the First Lien Exit Facility, whether through an internet site (including, without limitation, the Platform), electronically, in presentations at lender meetings or otherwise, will contain any material non-public information concerning the Company, the Borrower, their affiliates or its or their securities.

In addition, the Company represents and covenants that (a) all written information, other than Projections (defined below) or information of a general economic or industry-specific nature, which has been

or is hereafter provided directly or indirectly by the Company, the Borrower or any of their respective representatives to GS Bank or the First Lien Term Lenders in connection with the transactions contemplated hereunder (the "Information"), when taken as a whole, is and will be complete and correct in all material respects and does not and will not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements contained therein not misleading (after giving effect to all supplements and updates thereto from time to time) and (b) all financial projections concerning the Company, the Borrower and their affiliates that have been or will be made available to GS Bank or the First Lien Term Lenders by the Company or any of its representatives (the "Projections") have been and will be prepared in good faith based upon assumptions that are believed by the preparer thereof to be reasonable at the time made; provided that it is understood and agreed that (i) the projections are not to be viewed as facts, (ii) the Projections are subject to significant uncertainties and contingencies, many of which are beyond the control of your or the Borrower, (iii) no assurance can be given that any particular Projections will be realized and (iv) actual results during the period of periods covered by any such Projections may differ significantly from the projected results and such differences may be material. You agree that if at any time prior to the initial funding of the First Lien Exit Facility, any of the representations in the preceding sentence would be incorrect in any material respect if the Information and Projections were being furnished, and such representations were being made, at such time, then you will promptly supplement, or cause to be supplemented, the Information and Projections so that such representations will be correct in all material respects under those circumstances. Notwithstanding anything to the contrary, neither you nor the Borrower will be required to provide any information to the extent that the provision thereof would violate any attorney client privilege, law, rule or regulation or any obligation of confidentiality binding on you, the Borrower or your respective subsidiaries, or waive any attorney client privilege that may be asserted by you or the Borrower or your respective subsidiaries; provided, that you agree, to the extent practicable and not prohibited by applicable law, rule or regulation, to promptly notify us that information is being withheld pursuant to this sentence.

By executing this Commitment Letter, you agree to reimburse GS Bank from time to time on demand for all reasonable and documented out-of-pocket fees and expenses (including, but not limited to, the reasonable fees, disbursements and other charges of all legal counsel to GS Bank (limited to one primary counsel to GS Bank and, if reasonably necessary, of one local counsel in each relevant jurisdiction and one additional regulatory or other specialist counsel for each relevant area of expertise (in each case, which may be a single firm for multiple jurisdictions)) and examiners, search fees, due diligence expenses, transportation expenses, and appraisal, environmental, audit, and consultant costs and expenses) incurred in connection with the First Lien Exit Facility, a syndication thereof, the preparation of the definitive documentation therefor and the other transactions contemplated hereby, regardless of whether any of the transactions contemplated hereby are consummated.

In addition, in connection with arrangements such as this, it is GS Bank's policy to receive indemnification. You agree to the provisions with respect to indemnity and other matters set forth in **Annex A**, which is incorporated by reference into this Commitment Letter.

GS Bank hereby notifies you that pursuant to the requirements of the USA PATRIOT Act, Title III of Pub. L. 107-56 (signed into law October 26, 2001) (the "<u>Act</u>") and the requirements of 31 C.F.R. § 1010.230 (the "<u>Beneficial Ownership Regulation</u>"), GS Bank and each First Lien Term Lender is required to obtain, verify and record information that identifies each borrower and guarantor under the First Lien Exit Facility, which information includes the name and address and other information of each such person or entity that will allow GS Bank and each First Lien Term Lender to identify each such person or entity in accordance with the Act and the Beneficial Ownership Regulation. This notice is given in accordance with the requirements of the Act and the Beneficial Ownership Regulation and is effective for GS Bank and each First Lien Term Lender.

Please note that this Commitment Letter and the Fee Letter and any written or oral advice provided by us in connection with this arrangement (a) are exclusively for the information of the board of directors (or equivalent governing body, person or entity) and the senior management of the Company and the Borrower and (b) may not be disclosed to any third party or circulated or referred to publicly without our prior written

consent except, after providing written notice to GS Bank, pursuant to a subpoena or order issued by a court of competent jurisdiction or by a judicial, administrative or legislative body or committee; provided, however, that we hereby consent to disclosure of (w) this Commitment Letter, the Fee Letter and such advice to the officers, directors, agents and advisors (including counsel) of the Company and the Borrower who are directly involved in the consideration of the First Lien Exit Facility to the extent such persons are advised to hold the same in confidence, (x) this Commitment Letter and the Fee Letter as required by the Bankruptcy Court, other applicable law or compulsory legal process (in which case you agree to inform us promptly thereof) or pursuant to the order of any court or administrative agency or in any legal, administrative or judicial proceeding where disclosure is required by law, rule or regulations (in which case, to the extent practicable and not prohibited by applicable law you shall notify us promptly thereof prior to such disclosure), (y) the aggregate fee amounts contained in the Fee Letter (but not the Fee Letter or other terms thereof) as part of Projections, pro forma information or a generic disclosure of aggregate sources and uses related to fee amounts related to the Transaction to the extent customary and (z) this Commitment Letter, the Fee Letter and the contents hereof and thereof to the extent necessary in connection with the exercise of any remedy or enforcement of any rights hereunder or thereunder or in connection with any defense to any claim of Goldman Sachs or any Indemnified Person hereunder or thereunder.

Goldman Sachs shall, until the earlier of (i) two (2) years from the date hereof or (ii) the execution of definitive documentation for the First Lien Exit Facility, treat confidentially all information received by them from the Company, the Borrower or their respective representatives in connection with this Commitment Letter, the Term Sheet or the First Lien Exit Facility contemplated hereby or thereby (the "Confidential Information"); provided that, upon execution and delivery of the definitive documentation for the First Lien Exit Facility, the applicable provisions of such definitive documentation shall govern the confidentiality matters described in this paragraph. Nothing herein shall prevent Goldman Sachs from disclosing any such Confidential Information: (a) pursuant to the order of any court or administrative agency or in any legal, administrative or judicial proceeding where disclosure is requested or required by law, rule or regulations (in which case, to the extent practicable and not prohibited by applicable law and other than with respect to any audit or examination conducted by bank accountants, any governmental bank, financial, accounting or similar authority exercising routing examinations or regulatory authority, Goldman Sachs shall notify you promptly thereof prior to such disclosure), (b) upon the request or demand of any regulatory authority (including any self-regulatory authority) having jurisdiction over Goldman Sachs or its affiliates (in which case, to the extent practicable and not prohibited by applicable law and other than with respect to any audit or examination conducted by bank accountants, any governmental bank, financial, accounting or similar authority exercising routing examinations or regulatory authority, Goldman Sachs shall notify you promptly thereof prior to such disclosure), (c) solely in connection with this Commitment Letter, the Term Sheet and the First Lien Exit Facility contemplated hereby and thereby, to its affiliates and the officers, directors, employees, directors, officers, legal counsel, advisors, partners, consultants, insurers, and agents of Goldman Sachs or its affiliates (to the extent such persons receive Confidential Information by or on behalf of Goldman Sachs) (collectively, "Representatives") on a need-to-know basis who are informed of the confidential nature of such information and are or have been advised of their obligation to keep information of this type confidential. (d) to any potential lender or co-investor or swap counterparty and, in each case, their respective Representatives (to the extent such Representatives receive Confidential Information by or on behalf of such person) who is informed of the confidential nature of such information and are or have been advised of their obligation to keep information of this type confidential, (e) to sources of financing and rating agencies who are informed of the confidential nature of such information and are or have been advised of their obligation to keep information of this type confidential, (f) for purposes of establishing a "due diligence" defense or in connection with exercising any remedy or enforcing Goldman Sachs' rights with respect to this Commitment Letter or (g) as expressly permitted by the Company and/or the Borrower. Confidential Information shall not include information to the extent that such information (w) becomes publicly available other than by reason of a breach of the confidentiality obligations set forth in this paragraph, (x) becomes available to Goldman Sachs or its Representatives from a source other than the Company or the Borrower or on its behalf and not knowingly in violation of any confidentiality agreement or obligation owed to the Company or the Borrower, (y) is independently developed by Goldman Sachs or its Representatives without reference to any confidential

information, or (z) was or is in the possession of Goldman Sachs or its Representatives prior to disclosure hereunder. Notwithstanding anything to the contrary set forth in the foregoing, in no event shall Goldman Sachs be required to return any materials constituting Confidential Information provided to or on behalf of the Company or the Borrower or any of their respective subsidiaries.

As you know, our affiliate, Goldman, Sachs & Co. ("GS & Co"), is a full service securities firm engaged, either directly or through its affiliates in various activities, including securities trading, investment management, financing and brokerage activities and financial planning and benefits counseling for both companies and individuals. In the ordinary course of these activities, GS & Co or its affiliates may actively trade the debt and equity securities (or related derivative securities) of the Company and other companies which may be the subject of the arrangements contemplated by this letter, including any of their respective affiliates, for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities. GS & Co or its affiliates may also co-invest with, make direct investments in, and invest or co-invest client monies in or with funds or other investment vehicles managed by other parties, and such funds or other investment vehicles may trade or make investments in securities or other debt obligations of the Company or other companies which may be the subject of the arrangements contemplated by this letter and any of their respective affiliates.

Goldman Sachs may have economic interests that conflict with those of the Company and/or the Borrower. You agree that Goldman Sachs will act under this letter as an independent contractor and that nothing in this Commitment Letter or the Fee Letter or otherwise will be deemed to create an advisory, fiduciary or agency relationship or fiduciary or other implied duty between Goldman Sachs, on the one hand, and the Company and/or the Borrower, their respective stockholders or their respective affiliates, on the other. You acknowledge and agree that (a) the transactions contemplated by this Commitment Letter and the Fee Letter are arm's-length commercial transactions between Goldman Sachs, on the one hand, and the Company and the Borrower, on the other, (b) in connection therewith and with the process leading to such transaction Goldman Sachs is acting solely as a principal and not the agent or fiduciary of the Company, the Borrower, their respective management, stockholders, creditors or any other person, (c) Goldman Sachs has not assumed an advisory or fiduciary responsibility in favor of the Company or the Borrower with respect to the transactions contemplated hereby or the process leading thereto (irrespective of whether Goldman Sachs or any of its affiliates has advised or is currently advising the Company on other matters) or any other obligation to the Company or the Borrower except the obligations expressly set forth in this Commitment Letter and the Fee Letter and (d) the Company has consulted its own legal and financial advisors to the extent it deemed appropriate. The Company further acknowledges and agrees that it is responsible for making its own independent judgment with respect to such transactions and the process leading thereto. The Company agrees that it will not claim that Goldman Sachs has rendered advisory services of any nature or respect, or owes a fiduciary or similar duty to the Company, in connection with such transaction or the process leading thereto. In addition, GS Bank may employ the services of its affiliates in providing certain services hereunder and may exchange with such affiliates information concerning the Company, the Borrower and other companies that may be the subject of this arrangement, and such affiliates shall be entitled to the benefits afforded to GS Bank hereunder.

The provisions of the immediately preceding seven paragraphs shall remain in full force and effect regardless of whether any definitive documentation for the First Lien Exit Facility shall be executed and delivered, and notwithstanding the termination of this Commitment Letter or any commitment or undertaking hereunder.

This Commitment Letter may not be assigned by the Company without GS Bank's prior written consent (and any purported assignment without such consent shall be null and void), is intended to be solely for the benefit of the parties hereto and is not intended to confer any benefits upon, or create any rights in favor of, any person other than the parties hereto; <u>provided</u> that, this Commitment Letter shall be assigned to the Borrower on the Plan Effective Date in connection with the consummation of the Transactions (and the Borrower shall assume all obligations of the Company hereunder and under the Fee Letter on the Plan

Effective Date (and upon the effectiveness of such assignment and assumption, the Company shall have no further obligations under this Commitment Letter and each reference to "you" or the "Company" contained herein shall be deemed a reference to the Borrower). GS Bank may assign its commitments hereunder, in whole or in part (including, for example, our commitment to provide the First Lien Exit Facility), to (a) any of its affiliates, (b) any fund, investor, entity or account that is managed, sponsored or advised by Goldman Sachs, (c) any First Lien Term Lender or (d) any limited partner or investor in any of the foregoing persons or entities described in clauses (a) through (c) (any such person, an "Eligible Assignee"), and upon such assignment, GS Bank shall be released from the portion of its commitment hereunder that has been assigned. Neither this Commitment Letter nor the Fee Letter may be amended or any term or provision hereof or thereof waived or modified except by an instrument in writing signed by each of the parties hereto or thereto, and any term or provision hereof or thereof may be amended or waived only by a written agreement executed and delivered by all parties hereto.

Our commitment hereunder shall terminate upon the first to occur of (a) the conversion of the Chapter 11 Cases to cases under Chapter 7 of the Bankruptcy Code, (b) a trustee or examiner with expanded powers beyond those set forth in section 1106(a)(3) and (4) of the Bankruptcy Code shall have been appointed in the Chapter 11 Cases, (c) there having been any occurrence, development or change after the date hereof, that has had or could be reasonably expected to have a material adverse effect on the business, assets, operations, properties or financial condition of the Borrower or the Company or their respective subsidiaries (taken as a whole) or on the value of, or ability to take a security interest in, a material portion of the Collateral (provided that, for the avoidance of doubt, any change, development or occurrence, arising individually or in the aggregate, from events that could reasonably be expected to result from the pendency of the Chapter 11 Cases shall not constitute a material adverse effect); (d) (i) the Company having failed to file a motion with the Bankruptcy Court seeking approval of this Commitment Letter and the Fee Letter (the "Commitment Letter Motion") no later than two days following the Execution Date (or such later date as GS Bank shall agree in its sole discretion), which motion shall be in form and substance satisfactory to us and (ii) the Bankruptcy Court having not entered an order approving the Company's entry into this Commitment Letter and the Fee Letter and related relief no later than 15 days following the Execution Date (or, if delayed solely by reason of action of the Bankruptcy Court despite the Company's best efforts to have such order by the date that is 15 days following the Execution Date, 30 days following the Execution Date) (or in any case, such later date as GS Bank shall agree in its sole discretion), which shall be in form and substance satisfactory to us and (e) the earlier of (i) the Outside Expiration Time (as defined in the Second Lien Backstop Commitment Letter (which is as defined in the Plan) and (ii) July 31, 2021, in either case, unless such date is extended by us in writing (including by email) in our discretion or the closing of the First Lien Exit Facility, on the terms and subject to the conditions contained herein, shall have been consummated on or before such date (the "Termination Date").

Notwithstanding anything in this Commitment Letter or the Fee Letter, in the event of an Opt-In Election (as defined below), a Benchmark Replacement (determined in accordance with the definition thereof) will replace LIBOR for all purposes under the Commitment Letter, the Fee Letter and any other First Lien Exit Facility Document, as of the date of the Opt-in Election, with such modifications as we determine, to cause the Benchmark Replacement to be the economic equivalent of LIBOR. After an Opt-In Election, the First Lien Exit Facility Documents will be negotiated in good faith by the Company and the First Lien Exit Facility Agent to administer the designated Benchmark Replacement (including implementation of any Benchmark Replacement Conforming Changes (as defined in the ARRC Approach)), which are intended to achieve equivalent economics as described in the Commitment Letter and the Fee Letter.

As used herein:

"<u>Benchmark Replacement</u>" as defined in the Alternative Reference Rates Committee's "<u>hard-wired</u>" approach as issued on June 30, 2020 (with any modifications thereto issued after the date of execution of the Commitment Letter determined by Goldman Sachs in consultation with the Company, "ARRC

<u>Approach</u>"), with (i) the Floor (as defined in the ARRC Approach) therein being the economic equivalent of the "<u>LIBOR Floor</u>" as set forth in the Commitment Letter and (ii) the "<u>Available Tenor</u>" and "<u>Corresponding Tenor</u>" being determined by the First Lien Exit Facility Agent.

"Opt-in Election" means the occurrence of: (i) a notification by the First Lien Exit Facility Agent to the Company that U.S. dollar-denominated syndicated credit facilities are being executed at such time utilizing a Benchmark Replacement to replace LIBOR (as determined by the First Lien Exit Facility Agent in good faith), (ii) the mutual election of the First Lien Exit Facility Agent and the Company (such consent not to be unreasonably withheld or delayed) to declare that an Opt-in Election has occurred or (iii) at any time after June 30, 2021, the election of the First Lien Exit Facility Agent to declare that an Opt-in Election has occurred.

In addition, please note that Goldman Sachs does not provide accounting, tax or legal advice. Notwithstanding anything herein to the contrary, the Company (and each employee, representative or other agent of the Company) may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of this potential transaction and all materials of any kind (including opinions or other tax analyses) that are provided to the Company relating to such tax treatment and tax structure. However, any information relating to the tax treatment or tax structure shall remain subject to the confidentiality provisions hereof (and the foregoing sentence shall not apply) to the extent reasonably necessary to enable the parties hereto, their respective affiliates, and their respective affiliates' directors and employees to comply with applicable securities laws. **AMORTIZATION:** 

The principal amounts of the First Lien Term Loans shall be repaid:

- (i) on December 31, 2021, in an amount necessary to ensure that the aggregate principal amount of the First Lien Exit Facility outstanding on December 31, 2021 (after giving effect to such amortization payment) does not exceed \$100,000,000; plus
- (ii) commencing with the fiscal quarter in which the Closing Date occurs, in quarterly installments on the last business day of such fiscal quarter in an amount equal to \$3,750,000, plus

Interest will be paid quarterly in arrears for loans bearing interest based upon ABR; in arrears on the last day of the applicable interest periods (which will be one, two, three or six months, at the option of the Borrower) for loans bearing interest based upon Adjusted LIBOR (and at the end of every three months, in the case of interest periods longer than three months); and in arrears upon each mandatory and voluntary prepayment on the principal amount prepaid.

Amounts accruing in accordance with the foregoing sentence shall be payable upon demand.

The Borrower must deliver, on a quarterly basis as of the last day of each fiscal quarter and (i) for the first three fiscal quarters, on or prior to the date on which the compliance certificate relating to such quarter is required to be delivered and (ii) for the fourth fiscal quarter, on or prior to the date that is 90 days after fiscal quarter end, to the First Lien Exit Facility Agent a reserve report in form and substance reasonably satisfactory to the First Lien Exit Facility Agent of the Loan Parties' proved oil and gas properties (each, a "Reserve Report") prepared and certified by the Borrower's internal petroleum engineers; provided that at least one Reserve Report per fiscal year shall be prepared or audited by an independent third party reserve engineer (if audited, covering a minimum percentage to be agreed of the value of the Loan Parties' proved oil and gas properties (the "Minimum Percentage")) reasonably acceptable to the First Lien Exit Facility Agent. In addition, upon the request of the First Lien Exit Facility Agent in its sole discretion, the Borrower shall deliver to the First Lien Exit Facility Agent a third-party audit of the most recently delivered Reserve Report which is reasonably acceptable to the First Lien Exit Facility Agent and covers the Minimum Percentage (i) once upon request during any calendar year if no event of default has occurred and is continuing under any of the First Lien Exit Facility Documents or (ii) at any time so requested if an event of default has occurred and is continuing under any of the First Lien Exit Facility Documents.

**NEGATIVE COVENANTS:** 

The First Lien Exit Facility Documents will contain usual and customary negative covenants for the Borrower and its restricted subsidiaries, including, without limitation, limitations on liens, debt, fundamental changes, dispositions, restricted payments, investments, prepayments of junior indebtedness, amendments to organizational documents and material contracts in a manner materially adverse to any Loan Party or the First Lien

Term Lenders, changes in nature of business, no foreign subsidiaries (other than the Closing Date Unrestricted Subsidiary and its subsidiaries), changes in fiscal year, burdensome agreements, transactions with affiliates, gas imbalances, take or pay arrangements, marketing of production and deposit accounts and to include a passive holding company covenant for NewCo, subject to thresholds, exceptions and materiality qualifiers to be agreed, but to include the following:

- (ii) with respect to limitations on liens, baskets permitting (a) liens on debt permitted to be incurred as described in clauses (i)(a), (i)(b) (limited to the assets subject to such indebtedness), (i)(c) (limited to liens on the new equipment so financed), (i)(d), and (i)(e) (limited to liens on cash collateral) above, and (b) liens securing debt (other than debt for borrowed money) not to exceed \$10.0 million:

exceed \$5.0 million in any fiscal year, (b) acquisitions of additional oil and gas properties, (c) investments in the Borrower and Subsidiary Guarantors, (d) so long as no event of default shall exist or result therefrom, investments in the Closing Date Unrestricted Subsidiary and its subsidiaries to fund capital calls required pursuant to the organizational documents of Fieldwood Mexico B.V., which investments shall not exceed, in any fiscal year, the sum of (1) an amount equal to G&A reimbursements received in cash by the Loan Parties from the Closing Date Unrestricted Subsidiary during such fiscal year and (2) \$5.0 million (provided that the amount pursuant to this clause (2) shall be \$10.0 million for the fiscal year ending December 31, 2021), (e) investments in or by a Qualified Receivables Subsidiary or other investments, in each case, in connection with a Qualified Receivables Financing and (f) other investments and acquisitions in an amount not to exceed \$20.0 million in the aggregate at any time outstanding; and

(vi) with respect to limitations on prepayments of junior indebtedness, a basket for a prepayment of indebtedness outstanding under the Second Lien Exit Facility Credit Agreement once in respect of each fiscal quarter, commencing upon the Variable Amortization Trigger Date, in an amount not to exceed 25% of the amount of Consolidated Excess Cash as of the last day of such fiscal quarter so long as (a) the aggregate principal amount of First Lien Term Loans outstanding under the First Lien Exit Facility shall be less than \$80.0 million, (b) after giving effect to such payment, the pro forma First Lien Leverage Ratio of the Borrower and Subsidiary Guarantors shall be less than 0.5:1.00, (c) any such prepayments of indebtedness outstanding under the Second Lien Exit Facility Credit Agreement shall be subject to and accompanied by a dollar-for-dollar prepayment of First Lien Term Loans, (d) no event of default has occurred and is continuing immediately prior to or after giving effect to such prepayment of indebtedness and (e) such prepayment of indebtedness is made within 5 business days following the end of such fiscal quarter.

The First Lien Exit Facility Documents shall also include limitations on commodity swap arrangements, including that:

- (i) they are limited to a maximum duration of 60 months;
- (ii) shall cover notional volumes of not more than, at the time such swap agreement is entered into, for each calendar month 85% of reasonably anticipated production from proved developed producing reserves of crude oil, natural gas and natural gas liquids (calculated separately), as set forth in the most recently delivered Reserve Report; provided that, if, after the end of any calendar quarter, commencing with the first calendar quarter ending after the Closing Date, the Borrower determines that the aggregate weighted average of the notional volumes of all swap agreements in respect of commodities for such calendar quarter (other than basis differential swaps on volumes already hedged pursuant to other swap agreements) exceeded 100% of actual production of hydrocarbons in such calendar quarter, then the Borrower (i) shall promptly notify the First Lien Exit Facility Agent of such determination and (ii) shall, within 45 days of such determination, terminate (only to the extent such terminations are permitted pursuant to the asset sale and hedge unwind negative covenant), create off-setting positions,

or otherwise unwind or monetize (only to the extent such unwinds or monetizations are permitted pursuant to the asset sale and hedge unwind covenant) existing swap agreements such that, at such time, future hedging volumes will not exceed 100% of reasonably anticipated projected production for the then-current and any succeeding calendar quarters; and

(iii) all purchased put options or price floors for hydrocarbons shall be excluded for purposes of the foregoing volume limitations on commodity swap arrangements.

### **FINANCIAL COVENANTS:**

Financial covenants shall consist of the following to be tested quarterly as of the last day of each fiscal quarter:

- (i) a Maximum Ratio of Total Net Debt (as defined below) to EBITDA (as defined below) of 2.25:1.00 (the "*Total Net Leverage Ratio*"); and
- (ii) a minimum asset coverage ratio of at least 2.25:1.00 (the "Minimum Asset Coverage Ratio") (with "Asset Coverage Ratio" to be defined in a manner to be agreed, but in any event to be the ratio of (a) total 2P Producing PV-10 of the Loan Parties plus solely through and including the last day of the fiscal quarter ending September 30, 2021, the PV-15 attributable to the Genovesa and Troika TA-3 wells (which thereafter shall only be included to the extent comprising 2P Producing wells), in each case as set forth in the most recently delivered Reserve Report, plus the present value (positive or negative) of the mark-to-market commodity hedge positions at the time of the most recently delivered Reserve Report discounted at 10% per annum, less the present value of the estimated plugging and abandonment costs of the Borrower and Subsidiary Guarantors' wells and any related assets at such time, discounted at 10% per annum (provided such estimated costs and timing assumptions shall be consistent with historical practices and otherwise reasonably acceptable to the First Lien Exit Facility Agent) plus any PDNP or PDBP which is capable of producing without incurring any additional capital as well as any PDNP previously included as PDP reserves and anticipated to be returned to PDP within (1) two months of the delivery of the reserve report so long as any capital required to return to production is incorporated in the PV-10 values and (2) within three to ten months of the delivery of the reserve report so long as (A) any capital required to return to production is incorporated in the PV-10 values and (B) the total amount of this clause (a) that is attributable to such reserves described in this sub-clause (2) does not exceed more than 10% of such total amount (calculated prior to giving effect to the additions of reserves described in this sub-clause (2)); provided that appropriate deductions shall be made for severance and ad valorem taxes, and for operating, gathering, transportation, marketing costs and other costs required for the production and sale of such oil and gas properties to (b) the outstanding balance of the First Lien Term Loans as of such last day of such fiscal quarter net of Consolidated Excess Cash; provided that for purposes of calculating total 2P Producing PV-10 (and the PV-15 attributable to the Genovesa and Troika TA-3 wells, if and when applicable) the price deck and mark-to-market hedge valuation shall utilize the average NYMEX strip calculated during the 30 calendar days preceding the "as of" date of the most recently delivered Reserve Report (held flat after year 5 at

the average 5th year prices) and including basis differentials determined by the Borrower in a manner consistent with historical and customary industry practices, such differentials being subject to the approval of the First Lien Exit Facility Agent).

As used herein, "Total Net Debt" means (a) the sum of (without duplication) all debt consisting of Capitalized Lease Obligations (to be defined), all reimbursement obligations (whether contingent or otherwise) in respect of letters of credit (other than to the extent fully cash collateralized or to the extent in respect of undrawn letters of credit with an aggregate face amount not in excess of \$25.0 million), debt for borrowed money and debt evidenced by notes, loan agreements, debentures, indentures or similar instruments, disqualified capital stock, accounts payable and liabilities in respect of obligations to pay the deferred purchase price of any assets or services (to the extent greater than 60 days past due, unless disputed in good faith), and any of the foregoing debt of other persons in the amount secured by a lien on the assets of the Borrower or any Subsidiary Guarantor or in the amount guaranteed by the Borrower or any Subsidiary Guarantor, in each case, of the Borrower or any Subsidiary Guarantor on such date (other than intercompany indebtedness) and, to the extent appearing on the balance sheet of the Borrower, determined on a consolidated basis in accordance with GAAP (provided that (x) the amount of any Capitalized Lease Obligations or any such debt issued at a discount to its face value shall be determined in accordance with GAAP and (v) permitted indebtedness incurred in connection with a the financing of new equipment in order to reduce near-term capital expenditures associated with deepwater projects shall be excluded from the definition of Total Net Debt) less (b) the amount that (i) all unrestricted cash on hand of the Borrower and Subsidiary Guarantors (to the extent held in deposit accounts subject to control agreements with the First Lien Exit Facility Agent as secured party) exceeds (ii) \$50,000,000.

As used herein, "EBITDA" means, of the Borrower and the Subsidiary Guarantors, for any period, the sum of Consolidated Net Income (to be defined, but which shall, in any event, (x) include adjustments for gains and/or losses with respect to hedge unwinds over the applicable period covered by such unwound hedges and (y) include proceeds of any payments from BP related to the Isabela transaction) for such period plus the following expenses or charges to the extent deducted from consolidated net income in such period: interest, income taxes, depreciation, depletion, amortization, exploration expenses, actual costs and expenses of the Loan Parties incurred in connection with the Restructuring Transactions, other noncash charges, and losses from asset dispositions (other than Hydrocarbons produced in the ordinary course of business and other than hedge unwinds), minus (x) all gains from asset dispositions (other than Hydrocarbons produced in the ordinary course of business and other than hedge unwinds), (y) all general and administrative expenses during such period to the extent such expenses were not deducted from consolidated net income in such period (e.g. capitalized general and administrative expenses) and (z) all noncash income, in each case to the extent added to consolidated net income in such period; provided, however, that for the purposes of calculating EBITDA for any period of four consecutive fiscal quarters

(each, a "Reference Period"), if during such Reference Period the Loan Parties shall have made a material disposition or material acquisition (with materiality thresholds to be agreed in the definitive documentation), EBITDA for such Reference Period shall be calculated after giving pro forma effect thereto as if such disposition or acquisition by the Loan Parties occurred on the first day of such Reference Period with such pro forma adjustments being determined in good faith by a financial officer of the Borrower and reasonably acceptable to the First Lien Exit Facility Agent. EBITDA for the first three fiscal quarters following the Closing Date will be annualized on a building basis (i.e. first full quarter multiplied by four, first two fiscal quarters multiplied by 2 and first three fiscal quarters multiplied by 4/3).

The First Lien Exit Facility Documents will permit equity cures not more than two times (non-consecutively) per four fiscal quarter period and not more than three times over the life of the First Lien Exit Facility, provided that the proceeds of such equity cure are used to repay First Lien Term Loans in order for the Borrower to be in compliance with the applicable financial covenant.

### **EVENTS OF DEFAULT:**

The First Lien Exit Facility Documents shall contain usual and customary events of default (with customary thresholds and grace periods) for financings of this type, including without limitation: nonpayment of principal, interest, fees or other amounts when due (with a 3 business day grace period for interest, fees and other non-principal amounts); failure to perform affirmative covenants (with exceptions and grace periods to be agreed), negative covenants and the Financial Covenants (and the affirmative covenants to provide notice of default or maintain the Borrower's corporate existence); any representation or warranty incorrect in any material respect when made or deemed made; cross-default to the Second Lien Exit Facility and other indebtedness having an aggregate principal amount in excess of \$10.0 million; bankruptcy or insolvency proceedings of any Loan Party (with a 60-day grace period for involuntary events); final non-appealable monetary judgments to the extent not covered by indemnities or insurance in an amount in excess of \$10.0 million; ERISA events, subject to material adverse effect; invalidity of any guarantee or the First Lien Exit Facility Agent's lien under the security documents; and change of control.

SECOND LIEN INTERCREDITOR AGREEMENT: Usual and customary including:

- (i) 180 day standstill;
- (ii) identical (subject to conforming changes) collateral and security instruments (to be based on first lien security documents);
- (iii) automatic release of second liens upon release of same collateral by First Lien Exit Facility Agent (to the extent such collateral was permitted to be sold under the Second Lien Exit Facility documentation); and
- (iv) second lien holders prohibited from contesting or proposing a DIP financing (subject to a DIP cap to be agreed) without consent of First Lien Exit Facility Agent except that (a) they may propose a DIP financing that would repay the First Lien Exit Facility in full in cash and (b) they may

propose a DIP financing that is junior in priority to the First Lien Exit Facility in the event that the First Lien Term Lenders have declined to propose a DIP financing or failed to timely propose a DIP financing (such timing to be agreed in the intercreditor agreement).

VOTING:

Amendments, waivers and other modifications to the First Lien Exit Facility Documents shall require the consent of First Lien Term Lenders holding more than 50.0% of First Lien Term Loans (the "*Required Lenders*"); provided, however, that in the event that at any time there are two or more unaffiliated First Lien Term Lenders, the consent of at least two First Lien Term Lenders shall be required for Required Lenders.

Certain amendments, waivers and other modifications shall require the consent of all First Lien Term Lenders, including, without limitation, reduction to the interest rate, extension of maturity, extension or waiver of scheduled repayments, reduction of principal, increasing a commitment, alteration of the pro rata application of repayments, amending or waiving voting or funding conditions, the First Lien Exit Facility Agent's indemnification, releasing substantially all Collateral or Guarantors, subordinating the obligations under the First Lien Exit Facility or the liens on the Collateral (in each case, subject to customary exceptions) and consenting to the assignment or transfer of the Borrower's obligations under the First Lien Exit Facility Documents (except in connection with a transaction expressly permitted or not prohibited thereby).

TAXES, RESERVE REQUIREMENTS AND INDEMNITIES: All payments are to be made free and clear of any taxes, subject to usual and customary exceptions.

The Loan Parties will indemnify the First Lien Term Lenders against all increased costs of capital resulting from reserve requirements or otherwise imposed, in each case subject to customary increased costs, capital adequacy and similar provisions to the extent not taken into account in the calculation of ABR or Adjusted LIBOR.

**ASSIGNMENTS:** 

Customary and appropriate provisions relating to assignments and participations by the First Lien Term Lenders; <u>provided</u> that the Borrower shall have the right to consent to any assignment by a First Lien Term Lender (such consent not to be unreasonably withheld, conditioned, or delayed) unless (a) an event of default has occurred and is continuing or (b) such assignment is to another First Lien Term Lender, an affiliate of any First Lien Term Lender or an "approved fund".

INDEMNIFICATION; EXPENSES:

Customary and appropriate provisions relating to indemnity, expense reimbursement and related matters in a form reasonably satisfactory to the First Lien Exit Facility Agent, with standards consistent with those set forth on *Annex A* to the Commitment Letter to which this *Annex B* is attached.

CHOICE OF LAW; JURISDICTION: The First Lien Exit Facility Documents will be governed by and construed in accordance with the laws of the State of New York. agreements, instruments, notes, certificates, indentures, mortgages, security documents, reimbursement obligations, and other instruments or documents evidencing or creating any prepetition Claim or Interest (collectively, the "Cancelled Agreements") (except that the following shall not be Cancelled Agreements: (i) the agreements, instruments, notes, certificates, indentures, mortgages, security documents, and other instruments or documents governing, relating to and/or evidencing certain Intercompany Interests not modified by the Plan and any rights of any holder in respect thereof and (ii) the Decommissioning Agreement, and any and all bonds and letters of credit constituting Decommissioning Security) shall be deemed cancelled and of no force or effect and the Debtors shall not have any continuing obligations thereunder; provided, however, that each of the Cancelled Agreements shall continue in effect solely for the purposes of, (x) allowing holders of Claims or Interests to receive distributions under the Plan on account of such Claims or Interests and (y) allowing and preserving the rights of the Prepetition FLFO Administrative Agent, the Prepetition FLFO Collateral Agent, the Prepetition FLTL Administrative Agent, the Prepetition SLTL Administrative Agent, and the DIP Agent, as applicable, to (1) make distributions on account of such Claims or Interests; (2) maintain, enforce, and exercise their respective liens, including any charging liens, as applicable, under the terms of the applicable agreements, or any related or ancillary document, instrument, agreement, or principle of law, against any money or property distributed or allocable on account of such Claims, as applicable; (3) seek compensation and reimbursement for any reasonable and documented fees and expenses incurred in connection with the implementation of the Plan required to be paid pursuant to the applicable agreement; (4) maintain, enforce, and exercise any right or obligation to compensation, indemnification, expense reimbursement, or contribution, or any other claim or entitlement that the Prepetition FLFO Administrative Agent, the Prepetition FLFO Collateral Agent, the Prepetition FLTL Administrative Agent, the Prepetition SLTL Administrative Agent, and the DIP Agent may have under this Plan, the applicable credit agreements, collateral agreements, or pledge agreements; and (5) appear and raise issues in these Chapter 11 Cases or in any proceeding in the Bankruptcy Court or any other court after the Effective Date on matters relating to this Plan or the applicable credit agreements; provided, further, that the Prepetition FLFO Administrative Agent, the Prepetition FLFO Collateral Agent, the Prepetition FLTL Administrative Agent, the Prepetition SLTL Administrative Agent, and the DIP Agent may take such further action to implement the terms of the Plan, including the Restructuring Transactions, as agreed to with the Debtors or the Post-Effective Date Debtors, as applicable to the extent not inconsistent with the Confirmation Order or this Plan.

# 5.19 Cancellation of Certain Existing Security Interests.

Upon the full payment or other satisfaction of an Allowed Other Secured Claim, or promptly thereafter, the holder of such Allowed Other Secured Claim shall deliver to the Debtors or the Post-Effective Date Debtors, as applicable, any Collateral or other property of a Debtor held by such holder, together with any termination statements, instruments of satisfaction, or releases of all security interests with respect to its Allowed Other Secured Claim that may be reasonably required to terminate any related financing statements, mortgages, mechanics' or other statutory Liens, or lis pendens, or similar interests or documents.

Except, for the avoidance of doubt, with respect to any mortgages, deeds of trust, Liens, pledges, and any other security interests of the Prepetition FLFO Administrative Agent or the Exit Facility Agents, after the Effective Date and in accordance with the terms of the

Confirmation Order, the Debtors or the Post-Effective Date Debtors, at their expense, may, in their sole discretion, take any action necessary to terminate, cancel, extinguish, and/or evidence the release of any and all mortgages, deeds of trust, Liens, pledges, and other security interests with respect to any Claim or Interest, including, without limitation, the preparation and filing of any and all documents necessary to terminate, satisfy, or release any mortgages, deeds of trust, Liens, pledges, and other security interests held by the Prepetition Agents, including, without limitation, UCC-3 termination statements and mortgage release documentation.

# 5.21 <u>Restructuring Transactions.</u>

On the Effective Date or as soon as reasonably practicable thereafter, the Debtors or the Post-Effective Date Debtors, acting through the Plan Administrator, or the FWE I Sole Manager, as applicable, may take all actions consistent with the Plan and the Confirmation Order, as may be necessary or appropriate to effect any transaction described in, approved by, contemplated by, or necessary to effectuate the Restructuring Transactions under and in connection with the Plan.

# 5.22 <u>Liquidating Trust.</u>

In the event the Plan Administrator determines, in its discretion, that to carry out and implement the provisions of this Plan certain assets should be transferred to a liquidating trust for the benefit of one or more classes of Claims, (1) the terms of the liquidating trust shall be set forth in a liquidating trust agreement, (2) the liquidating trust shall be structured to qualify as a "liquidating trust" within the meaning of Treasury Regulations section 301.7701-4(d) and in compliance with Revenue Procedure 94-45, 1994-2 C.B. 684, and, thus, as a "grantor trust" within the meaning of sections 671 through 679 of the Tax Code of which the holders of Claims who become the liquidating trust beneficiaries (as determined for U.S. federal income tax purposes) are the owners and grantors, consistent with the terms of the Plan, (3) the sole purpose of the liquidating trust shall be the liquidation and distribution of the assets transferred to the liquidating trust in accordance with Treasury Regulations section 301.7701-4(d), including the resolution of Claims, with no objective to continue or engage in the conduct of a trade or business, (4) all parties (including the Debtors, holders of Claims, and the trustee of the liquidating trust) shall report consistently with such treatment (including the deemed receipt of the underlying assets, subject to applicable liabilities and obligations, by the holders of Allowed Claims, as applicable, followed by the deemed transfer of such assets to the liquidating trust), (5) all parties shall report consistently with the valuation of the assets transferred to the liquidating trust as determined by the trustee of the liquidating trust (or its designee), (6) the trustee of the liquidating trust shall be responsible for filing returns for the trust as a grantor trust pursuant to

Treasury Regulations section 1.671-4(a), and (7) the trustee of the liquidating trust shall annually send to each holder of an interest in the liquidating trust a separate statement regarding the receipts and expenditures of the trust as relevant for U.S. federal income tax purposes. Subject to definitive guidance from the Internal Revenue Service or a court of competent jurisdiction to the contrary (including the receipt by the trustee of the liquidating trust of a private letter ruling if the trustee so requests one, or the receipt of an adverse determination by the Internal Revenue Service upon audit if not contested by the trustee), the trustee of the liquidating trust may timely elect to (y) treat any portion of the liquidating trust allocable to Disputed Claims as a "disputed ownership fund" governed by Treasury Regulations section 1.468B-9 (and make any appropriate elections) and (z) to the extent permitted by applicable law, report consistently with the foregoing for state and local income tax purposes. - The offer, issuance, and distribution of the New Equity Interests (other (a) than the Backstop Commitment Premium Equity Interests, the New Money Warrants, or any New Equity Interests issued upon exercise of the New Money Warrants or under the Management Incentive Plan), the Subscription Rights, the SLTL Warrants, and the GUC Warrants to holders of Allowed FLTL Claims, Allowed SLTL Claims, and General Unsecured Claims, as applicable, under Article IV of this Plan, and the New Equity Interests issued upon exercise of the Subscription Rights, the SLTL Warrants, or the GUC Warrants, shall be exempt, pursuant to section 1145 of the Bankruptcy Code, without further act or actions by any Person, from registration under the Securities Act, and all rules and regulations promulgated thereunder, and any other applicable securities laws, to the fullest extent permitted by section 1145 of the Bankruptcy Code. The New Equity Interests, the Subscription Rights, the SLTL Warrants, and GUC Warrants issued pursuant to section 1145(a) of the Bankruptcy Code may be resold without registration under the Securities Act or other federal securities laws pursuant to the exemption provided by section 4(a)(1) of the Securities Act, unless the holder is an "underwriter" with respect to such Securities, as that term is defined in section 1145(b) of the Bankruptcy Code. In addition, such section 1145 exempt Securities generally may be resold without registration under state securities laws pursuant to various exemptions provided by the respective laws of the several states.

section 4(a)(2) of the Securities Act and/or Regulation D thereunder. The Backstop Commitment Premium Equity Interests, and the New Money Warrants (including any New Equity Interests issued upon exercise of the New Money Warrants) issued in reliance on the exemption from registration set forth in section 4(a)(2) of the Securities Act and/or Regulation D thereunder, will be considered "restricted securities" and may not be transferred except pursuant to an effective registration statement or under an available exemption from the registration requirements of the Securities Act, such as, under certain conditions, the resale provisions of Rule 144 of the Securities Act.

- (c) None of the Debtors, NewCo and its subsidiaries (including the Credit Bid Purchaser), or any other Person shall be required to provide any further evidence other than the Plan or the Confirmation Order with respect to the treatment of the New Equity Interests (including any New Equity Interests issued upon exercise of the Subscription Rights, the New Money Warrants, the SLTL Warrants or the GUC Warrants), the Subscription Rights, the New Money Warrants, the SLTL Warrants, or the GUC Warrants, under applicable securities laws. DTC and any transfer agent (as applicable) shall be required to accept and conclusively rely upon the Plan or Confirmation Order in lieu of a legal opinion regarding whether the New Equity Interests (including any New Equity Interests issued upon exercise of the Subscription Rights, the New Money Warrants, the SLTL Warrants or the GUC Warrants), the Subscription Rights, the New Money Warrants, the SLTL Warrants, or the GUC Warrants are exempt from registration and/or eligible for DTC book-entry delivery, settlement, and depository services (to the extent applicable).
- (d) Notwithstanding anything to the contrary in this Plan, no Person (including DTC and any transfer agent) shall be entitled to require a legal opinion regarding the validity of any transaction contemplated by the Plan, including whether the New Equity Interests (including any New Equity Interests issued upon exercise of the Subscription Rights, the New Money Warrants, the SLTL Warrants or the GUC Warrants), the Subscription Rights, the New Money Warrants, the SLTL Warrants, or the GUC Warrants are exempt from registration and/or eligible for DTC book-entry delivery, settlement, and depository services.

#### ARTICLE VI. DISTRIBUTIONS.

# 6.1 <u>Distributions</u> Generally.

The Plan Administrator shall make all Distributions to the appropriate holders of Allowed Claims in accordance with the terms of this Plan.

# 6.2 No Postpetition Interest on Claims.

Except with respect to the FLFO Claims of the Prepetition FLFO Secured Parties or as otherwise specifically provided for in the Plan, the Confirmation Order, or another order of the Bankruptcy Court, postpetition interest shall not accrue or be paid on any Claims, and no holder of a Claim shall be entitled to interest accruing on such Claim on or after the Petition Date.

# 6.3 <u>Date of Distributions.</u>

Except as otherwise provided in this Plan, the Plan Administrator shall make Plan Distributions to holders of Allowed Claims after (a) funding of the Professional Fee Escrow and (b) satisfaction in full or establishment of reserves sufficient to pay claims in the Claims Reserve, as soon as reasonably practicable after the Effective Date and thereafter, the Plan Administrator shall from time to time determine the subsequent Distribution Dates.

# 6.4 Distribution Record Date.

As of the close of business on the Distribution Record Date, the various lists of holders of Claims in each Class as maintained by the Debtors or their agents, shall be deemed closed, and there shall be no further changes in the record holders of any Claims after the Distribution Record Date. Neither the Debtors nor the Plan Administrator shall have any obligation to recognize any transfer of a Claim occurring after the close of business on the Distribution Record Date. In addition, with respect to payment of any Cure Amounts or disputes over any Cure Amounts, neither the Debtors nor the Plan Administrator shall have any obligation to recognize or deal with any party other than the non-Debtor party to the applicable executory contract or unexpired lease, even if such non-Debtor party has sold, assigned, or otherwise transferred its Claim for a Cure Amount.

# 6.5 <u>Distributions after Effective Date</u>

Distributions made after the Effective Date to holders of Disputed Claims that are not Allowed Claims as of the Effective Date but which later become Allowed Claims shall be deemed to have been made on the Effective Date.

#### 6.6 Delivery of Distributions.

Subject to Bankruptcy Rule 9010, the Plan Administrator shall make all Distributions to any holder of an Allowed Claim as and when required by this Plan at (a) the address of such holder on the books and records of the Debtors or their agents or (b) at the address in any written notice of address change delivered to the Debtors or the Plan Administrator, including any addresses included on any transfers of Claim filed pursuant to Bankruptcy Rule 3001. In the event that any Distribution to any holder is returned as undeliverable, no Distribution or payment to such holder shall be made unless and until the Plan Administrator has been notified of the then-current address of such holder, at which time or as soon thereafter as reasonably practicable such Distribution shall be made to such holder without interest.

# 6.7 *Unclaimed Property*.

One year from the later of: (a) the Effective Date and (b) the date that is ten (10) Business Days after the date a Claim is first Allowed, all distributions that remain payable on account of such Claim shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code and shall revert to the Post-Effective Date Debtors or their successors or assigns, and all claims of any other Person (including the holder of a Claim in the same Class) to such distribution shall be discharged and forever barred. The Post-Effective Date Debtors and the Plan Administrator shall have no obligation to attempt to locate any holder of an Allowed Claim other than by reviewing the Debtors' books and records and the Bankruptcy Court's filings.

For the avoidance of doubt, a distribution shall be deemed unclaimed if a holder has not: (a) accepted a particular distribution or, in the case of distributions made by check, negotiated such check; (b) given notice to the Post-Effective Date Debtors or the Plan Administrator of an intent to accept a particular distribution; (c) responded to the Debtors', the Post-Effective Date Debtors', or the Plan Administrator's requests for information necessary to facilitate a particular distribution; or (d) taken any other action necessary to facilitate such distribution.

# 6.8 Satisfaction of Claims.

Unless otherwise provided herein, any distributions and deliveries to be made on account of Allowed Claims under the Plan shall be in complete and final satisfaction, settlement, and discharge of and exchange for such Allowed Claims.

# 6.9 Manner of Payment under Plan.

Except as specifically provided herein, at the option of the Debtors, the Post-Effective Date Debtors, or the Plan Administrator, as applicable, any Cash payment to be made under the Plan may be made by a check or wire transfer or as otherwise required or provided in applicable agreements or customary practices of the Debtors.

# 6.10 De Minimis Cash Distributions.

The Plan Administrator shall not be required to make any payment to any holder of an Allowed Claim on any Distribution Date of Cash in an amount less than one-hundred dollars (\$100); provided, however, that if any Plan Distribution is not made pursuant to this Section 6.10, such Distribution shall be added to any subsequent Plan Distribution to be made on behalf of the holder's Allowed Claim. The Plan Administrator shall not be required to make any final Plan Distributions of Cash in an amount less than fifty dollars (\$50) to any holder of an Allowed Claim. If the amount of any final Plan Distributions to holders of Allowed Claims would be fifty dollars (\$50) or less, then no further Plan Distribution shall be made by the Plan Administrator and any surplus Cash shall be donated and distributed to a Tax Code § 501(c)(3) tax-exempt organization selected by the Plan Administrator.

# 6.11 No Distribution in Excess of Amount of Allowed Claim.

Notwithstanding anything to the contrary in this Plan, no holder of an Allowed Claim shall receive, on account of such Allowed Claim, Plan Distributions in excess of the Allowed amount of such Claim.

## 6.12 Allocation of Distributions Between Principal and Interest.

Except with respect to the FLFO Claims of the Prepetition FLFO Secured Parties or as otherwise required by law, consideration received in respect of an Allowed Claim is allocable first to the principal amount of the Claim (as determined for U.S. federal income tax purposes) and then, to the extent of any excess, to the remainder of the Claim, including any Claim for accrued but unpaid interest.

# 6.13 Setoffs and Recoupments.

Each Post-Effective Date Debtor, or such entity's designee as instructed by such Post-Effective Date Debtor or the Plan Administrator, may, pursuant to section 553 of the Bankruptcy Code or applicable nonbankruptcy law, offset or recoup against any Allowed Claim, and the distributions to be made pursuant to the Plan on account of such Allowed Claim any and all claims, rights, and Causes of Action that a Post-Effective Date Debtor or its successors may hold against the holder of such Allowed Claim after the Effective Date to the extent such setoff or recoupment is either (a) agreed in amount among the relevant Post-Effective Date Debtor(s), and holder of the Allowed Claim or (b) otherwise adjudicated by the Bankruptcy Court or another court of competent jurisdiction; *provided*, that neither the failure to effect a setoff or recoupment nor the allowance of any Claim hereunder shall constitute a waiver or release by a Post-Effective Date Debtor or its successor of any claims, rights, or Causes of Action that a Post-Effective Date Debtor or its successor or assign may possess against such holder.

# 6.14 Withholding and Reporting Requirements.

Withholding Rights. In connection with this Plan, any party issuing any (a) instrument or making any Plan Distribution described in this Plan shall comply with all applicable tax withholding and reporting requirements imposed by any Governmental Unit, and all Plan Distributions pursuant to this Plan and all related agreements shall be subject to any such withholding or reporting requirements. Notwithstanding the foregoing, each holder of an Allowed Claim or any other Person that receives a Plan Distribution pursuant to this Plan shall have responsibility for any taxes imposed by any Governmental Unit, including, income, withholding, and other taxes, on account of such Plan Distribution. Any party issuing any instrument or making any Plan Distribution pursuant to this Plan has the right, but not the obligation, to not make a Plan Distribution until such holder has made arrangements satisfactory to such issuing or disbursing party for payment of any such tax obligations. Notwithstanding any provision in the Plan to the contrary, any party issuing any instrument or making any Plan Distribution pursuant to this Plan shall be authorized to take all actions necessary or appropriate to comply with such withholding and reporting requirements, including liquidating a portion of the distribution to be made under the Plan to generate sufficient funds to pay applicable withholding taxes, withholding distributions pending receipt of information necessary to

facilitate such distributions or establishing any other mechanisms they believe are reasonable and appropriate.

(b) Forms. Any party entitled to receive any property as an issuance or Plan Distribution under this Plan shall, upon reasonable request, deliver to the Plan Administrator or such other Person designated by the Plan Administrator (which entity shall subsequently deliver to the Plan Administrator or such other Person any applicable IRS Form W-8 or Form W-9 received) an appropriate Form W-9 or (if the payee is a non-U.S. Person) Form W-8, unless such Person is exempt under the Tax Code and so notifies the Plan Administrator or such other Person. If such request is made by the Plan Administrator or such other Person designated by the Plan Administrator and the holder fails to comply before the date that is 210 days after the request is made, the amount of such Plan Distribution shall irrevocably revert to the Debtors and any Claim in respect of such Plan Distribution shall be discharged and forever barred from assertion against any Debtor and its respective property.

# 6.15 Claims Paid by Third Parties.

The Plan Administrator shall reduce in full a Claim, and such Claim shall be Disallowed without a Claims objection having to be filed and without any further notice to or action, order, or approval of the Bankruptcy Court, to the extent that the holder of such Claim receives payment in full on account of such Claim from a party that is not the Debtors or the Post-Effective Date Debtors. If a holder of a Claim receives a Distribution from the Debtors or the Post-Effective Date Debtors on account of such Claim and also receives payment from a third party on account of such Claim, such holder shall, within fourteen (14) days of receipt thereof, repay or return the Plan Distribution to the Debtors or the Post-Effective Date Debtors, to the extent the holder's total recovery on account of such Claim from the third party and under this Plan exceeds the total Allowed amount of such Claim as of the date of any such Plan Distribution under this Plan. The failure of such holder to timely repay or return such Distribution shall result in the holder owing the Post-Effective Date Debtors interest on such amount owed for each Business Day after the 14-day grace period specified above until the amount is repaid.

# 6.16 Claims Payable by Third Parties.

No Distributions shall be made on account of an Allowed Claim that is payable pursuant to one of the insurance policies to which the Debtors' are a beneficiary until the holder of such Allowed Claim has exhausted all remedies with respect to such insurance policy; provided, however, that this Section 6.16 shall not restrict Plan Distributions on an Allowed Claim that is Allowed in an amount that does not exceed an applicable self-insured retention or deductible amount under one or more such insurance policies. To the extent that one or more of the insurers agrees to satisfy a Claim in whole or in part, then immediately upon such insurers' satisfaction, such Claim may be expunged to the extent of any agreed upon satisfaction on the Claims register by the Plan Administrator without a Claims objection having to be filed and without any further notice to or action, order, or approval of the Bankruptcy Court.

#### ARTICLE VII. PROCEDURES FOR DISPUTED CLAIMS.

# 7.1 Allowance of Claims.

Except as expressly provided in the Plan or in any order entered in the Chapter 11 Cases before the Effective Date (including the Confirmation Order), no Claim shall become an Allowed Claim unless and until such Claim is deemed Allowed pursuant to the Plan or a Final Order, including the Confirmation Order (when it becomes a Final Order), Allowing such Claim. On and after the Effective Date, each of the Debtors or the Post-Effective Date Debtors shall have and retain any and all rights and defenses such Debtor had with respect to any Claim immediately before the Effective Date.

# 7.2 Claims Objections.

Except insofar as a Claim is Allowed under the Plan, the Debtors or the Post-Effective Date Debtors (acting through the Plan Administrator), as applicable, shall be entitled to object to Claims. Except as otherwise expressly provided in the Plan and notwithstanding any requirements that may be imposed pursuant to Bankruptcy Rule 9019, after the Effective Date, the Post-Effective Date Debtors and the Plan Administrator shall have the authority (a) to file, withdraw, or litigate to judgment objections to Claims; (b) to settle or compromise any Disputed Claim without any further notice to or action, order, or approval by the Bankruptcy Court; and (c) to administer and adjust the Debtors' claims register to reflect any such settlements or compromises without any further notice to or action, order, or approval by the Bankruptcy Court.

# 7.3 Estimation of Claims.

Before or after the Effective Date, the Debtors, the Post-Effective Date Debtors, and the Plan Administrator may at any time request that the Bankruptcy Court estimate any Disputed Claim that is contingent or unliquidated pursuant to section 502(c) of the Bankruptcy Code for any reason, regardless of whether any party previously has objected to such Claim or whether the Bankruptcy Court has ruled on any such objection, and the Bankruptcy Court shall retain jurisdiction to estimate any such Claim, including during the litigation of any objection to any Claim or during the appeal relating to such objection. In the event that the Bankruptcy Court estimates any Disputed, contingent, or unliquidated Claim, that estimated amount shall constitute either the Allowed amount of such Claim or a maximum limitation on such Claim for all purposes under the Plan (including for purposes of distributions), as determined by the Bankruptcy Court. If the estimated amount constitutes a maximum limitation of the amount of such Claim, the Debtors, the Post-Effective Date Debtors, or the Plan Administrator, as applicable, may elect to pursue any supplemental proceedings to object to any ultimate distribution on such Claim. Notwithstanding section 502(j) of the Bankruptcy Code, in no event shall any holder of a Claim that has been estimated pursuant to section 502(c) of the Bankruptcy Code or otherwise be entitled to seek reconsideration of such estimation unless such holder has filed a motion requesting the right to seek such reconsideration on or before 21 days after the date on which such Claim is estimated.

# 7.4 Adjustment to Claims Register Without Objection.

Any duplicate Claim or Interest or any Claim or Interest that has been paid or satisfied, or any Claim that has been amended or superseded, may be adjusted or expunged on the claims register by the Debtors or the Post-Effective Date Debtors (at the direction of the Plan Administrator) upon stipulation between the parties in interest without a Claims objection having to be filed and without any further notice or action, order, or approval of the Bankruptcy Court.

# 7.5 Time to File Objections to Claims.

Any objections to a Claim shall be filed on or before the date that is the later of (a) 180 days after the Effective Date and (b) such later date as may be fixed by the Bankruptcy Court, after notice and a hearing, upon a motion by the Post-Effective Date Debtors, as such deadline may be extended from time to time.

# 7.6 <u>Disallowance of Claims.</u>

Any Claims held by Entities from which property is recoverable under sections 542, 543, 550, or 553 of the Bankruptcy Code or that is a transferee of a transfer avoidable under sections 522(f), 522(h), 544, 545, 547, 548, 549, or 724(a) of the Bankruptcy Code, shall be deemed Disallowed pursuant to section 502(d) of the Bankruptcy Code, and holders of such Claims may not receive any distributions on account of such Claims until such time as such Causes of Action against that Entity have been settled or a Bankruptcy Court order with respect thereto has been entered and all sums due, if any, to the Debtors by that Entity have been turned over or paid to the Debtors or the Post-Effective Date Debtors.

# 7.7 Amendments to Claims.

On or after the Effective Date, except as provided in the Plan or the Confirmation Order, a Claim may not be filed or amended without the prior authorization of the Bankruptcy Court, and the Post-Effective Date Debtors.

# 7.8 No Distributions Pending Allowance.

If an objection, motion to estimate, or other challenge to a Claim is filed, no payment or distribution provided under the Plan shall be made on account of such Claim unless and until (and only to the extent that) such Claim becomes an Allowed Claim.

# 7.9 <u>Distributions After Allowance.</u>

To the extent that a Disputed Claim ultimately becomes an Allowed Claim, distributions (if any) shall be made to the holder of such Allowed Claim in accordance with the provisions of the Plan. As soon as practicable after the date on which the order or judgment of the Bankruptcy Court allowing any Disputed Claim becomes a Final Order, the Plan Administrator shall provide to the holder of such Allowed Claim the distribution (if any) to which such holder is entitled under the Plan as of the Effective Date, without any interest to be paid on account of such Claim unless required by the Bankruptcy Code.

# 7.10 Claims Resolution Procedures Cumulative.

All of the Claims and objection, estimation, and resolution procedures are cumulative and not exclusive of one another. Claims may be estimated and subsequently compromised, settled, withdrawn, or resolved in accordance with the Plan or any mechanism approved by the Bankruptcy Court.

## ARTICLE VIII. EXECUTORY CONTRACTS AND UNEXPIRED LEASES.

## 8.1 *General Treatment*.

- (a) As of and subject to the occurrence of the Effective Date, all executory contracts and unexpired leases to which any of the Debtors are parties shall be deemed rejected, unless such contract or lease (i) was previously assumed or rejected by the Debtors pursuant to an order of the Bankruptcy Court; (ii) previously expired or terminated pursuant to its own terms or by agreement of the parties thereto; (iii) is the subject of a motion to assume filed by the Debtors on or before the Confirmation Date; (iv) is identified in Sections 8.4 or 8.5 of the Plan; or (v) is identified for assumption on the Schedule of Assumed Contracts included in the Plan Supplement, which Schedule of Assumed Contracts will identify executory contracts or unexpired leases for assumption and assignment to the Credit Bid Purchaser in accordance with the Credit Bid Purchase Agreement. To the extent the Decommissioning Agreement is an executory contract, it will be assumed and become the obligation of FWE I under the Plan of Merger.
- (b) Subject to the occurrence of the Effective Date, entry of the Confirmation Order by the Bankruptcy Court shall constitute approval of the assumptions, assumptions and assignments, or rejections provided for in the Plan pursuant to sections 365(a) and 1123 of the Bankruptcy Code and a determination by the Bankruptcy Court that the Credit Bid Purchaser or Post-Effective Date Debtors, as applicable, have provided adequate assurance of future performance under such assumed executory contracts and unexpired leases. Each executory contract and unexpired lease assumed or assumed and assigned pursuant to the Plan shall vest in and be fully enforceable by the Credit Bid Purchaser or Post-Effective Date Debtors, as applicable, in accordance with its terms, except as modified by the provisions of the Plan, any order of the Bankruptcy Court authorizing and providing for its assumption, or applicable law.
- (c) To the maximum extent permitted by law, to the extent any provision in any executory contract or unexpired lease assumed pursuant to the Plan restricts or prevents, or purports to restrict or prevent, or is breached or deemed breached by, the assumption of such executory contract or unexpired lease (including any "change of control" provision), then such provision shall be deemed modified such that the transactions contemplated by the Plan shall not entitle the non-Debtor party thereto to terminate such executory contract or unexpired lease or to exercise any other default-related rights with respect thereto.
- (d) Subject to the terms of the Credit Bid Purchase Agreement, the Debtors reserve the right, on or before 5:00 p.m. (prevailing Central Time) on the date that is seven (7) days before the Confirmation Hearing, or such other time as may be agreed in writing between

the Debtors and the applicable counterparty, to amend the Schedule of Assumed Contracts to add or remove any executory contract or unexpired lease; *provided* that if the Confirmation Hearing is adjourned or continued, such amendment right shall be extended to 5:00 p.m. (prevailing Central Time) on the date that is seven (7) days before the rescheduled or continued Confirmation Hearing, and this provision shall apply in the case of any and all subsequent adjournments and continuances of the Confirmation Hearing; *provided*, *further* that, subject to the terms of the Credit Bid Purchase Agreement, the Debtors may amend the Schedule of Assumed Contracts to add or delete any executory contracts or unexpired leases after such date to the extent agreed with the relevant counterparties and entry of an order of the Bankruptcy Court.

## 8.2 Determination of Cure Amounts and Deemed Consent.

- (a) Any Cure Amount shall be satisfied, pursuant to section 365(b)(1) of the Bankruptcy Code, by payment of the Cure Amount, as reflected in the applicable cure notice, in Cash on the Effective Date in accordance with the terms of the Credit Bid Purchase Agreement or on such other terms as the parties to such executory contracts or unexpired leases and the Debtors may otherwise agree.
- The Debtors shall file, as part of the Plan Supplement, the Schedule of (b) Assumed Contracts. At least ten (10) days before the Confirmation Hearing, the Debtors shall serve a notice on parties to executory contracts or unexpired leases to be assumed or assumed and assigned reflecting the Debtors' intention to potentially assume or assume and assign to the Credit Bid Purchaser in accordance with the terms of the Credit Bid Purchase Agreement the contract or lease in connection with this Plan or the Credit Bid Purchase Agreement and, where applicable, setting forth the proposed Cure Amount (if any). Any objection by a counterparty to an executory contract or unexpired lease to the proposed assumption, assumption and assignment, or related Cure Amount must be filed, served, and actually received by the Debtors within ten (10) days of the service of the assumption notice, or such shorter period as agreed to by the parties or authorized by the Bankruptcy Court. Any counterparty to an executory contract or unexpired lease that does not timely object to the notice of the proposed assumption of such executory contract or unexpired lease shall be deemed to have assented to assumption of the applicable executory contract or unexpired lease notwithstanding any provision thereof that purports to (i) prohibit, restrict, or condition the transfer or assignment of such contract or lease; (ii) terminate or modify, or permit the termination or modification of, a contract or lease as a result of any direct or indirect transfer or assignment of the rights of any Debtor under such contract or lease or a change, if any, in the ownership or control to the extent contemplated by the Plan; (iii) increase, accelerate, or otherwise alter any obligations or liabilities of any Debtor, or any Post-Effective Date Debtor, under such executory contract or unexpired lease; or (iv) create or impose a Lien upon any property or Asset of any Debtor, or Post-Effective Date Debtor, as applicable. The Debtors or Post-Effective Date Debtors, as applicable, subject to the terms of the Credit Bid Purchase Agreement, may settle any dispute regarding the Cure Amount or the nature thereof without any further notice to any party or any action, order, or approval of the Bankruptcy Court.
- (e) Assumption or assumption and assignment of any executory contract or unexpired lease pursuant to the Plan or otherwise shall result in the full release and satisfaction of any Claims against any Debtor or defaults by any Debtor, whether monetary or nonmonetary, including defaults of provisions restricting the change in control or ownership interest composition or other bankruptcy-related defaults, arising under any assumed executory contract or unexpired lease at any time before the date that the Debtors assume or assume and assign such executory contract or unexpired lease. A proof of such Claim must be filed with the Bankruptcy Court and served upon counsel for the Debtors, Post-Effective Date Debtor, or the Plan Administrator, as applicable, by the later of (i) thirty (30) days after the filing and service of the notice of the occurrence of the Effective Date; and (ii) thirty (30) days after entry of an Order rejecting such contract or lease if such contract or lease is the subject of a pending Assumption Dispute.

All such obligations shall be deemed and treated as executory contracts to be assumed by the Debtors under the Plan and shall continue as obligations of the Post-Effective Date Debtors. Any claim based on the Debtors' obligations under the Plan shall not be a Disputed Claim or subject to any objection, in either case, by reason of section 502(e)(1)(B) of the Bankruptcy Code.

# 8.7 Reservation of Rights.

- (a) Neither the exclusion nor the inclusion by the Debtors of any contract or lease on any exhibit, schedule, or other annex to the Plan or in the Plan Supplement, nor anything contained in the Plan, shall constitute an admission by the Debtors that any such contract or lease is or is not an executory contract or unexpired lease or that the Debtors or the Post-Effective Date Debtors or their respective affiliates has any liability thereunder.
- (b) Except as explicitly provided in the Plan, nothing in the Plan shall waive, excuse, limit, diminish, or otherwise alter any of the defenses, claims, Causes of Action, or other rights of the Debtors or the Post-Effective Date Debtors under any executory or non-executory contract or unexpired or expired lease.

(b) additional second lien term loans (the "New Money Second Lien Loans" and, together with the DIP Replacement Second Lien Loans, the "Second Lien Term Loans") in an amount equal to the lesser of (i) \$85.0 million and (ii) the amount necessary to provide the Borrower with no less than \$100.0 million of cash on hand on the Effective Date, after giving effect to all transactions to occur on the Effective Date (calculated

pursuant to a process and at a time to be mutually agreed).

The Second Lien Term Loans shall be funded in cash on the Closing Date; *provided* that any Second Lien Term Lender that is a DIP Lender

¹ All capitalized terms used but not defined herein have the meanings given to them in the Joint Chapter 11 Plan of Fieldwood Energy LLC and its Affiliated Debtors (the "*Plan*") and the Disclosure Statement for Joint Chapter 11 Plan of Fieldwood Energy LLC and its Affiliated Debtors (the "*Disclosure Statement*") to which this Second Lien Exit Facility Term Sheet is attached and the other exhibits attached to such Disclosure Statement. In the event any such capitalized term is subject to multiple and differing definitions, the appropriate meaning thereof for purposes of this *Exhibit I* shall be determined by reference to the context in which it is used.

may elect to fund its Second Lien Term Loans on the Closing Date on a cashless basis by converting the outstanding principal amount of any of its DIP Loans into Second Lien Term Loans. The Second Lien Exit Facility shall be secured on a junior basis to the First Lien Exit Facility and any permitted hedging obligations.

## INCREMENTAL SECOND LIEN TERM FACILITIES:

The Second Lien Exit Facility Credit Agreement will permit incremental indebtedness in a manner acceptable to the Second Lien Term Lenders, and, in any event, will permit the Borrower, on up to two occasions, to incur separate classes of additional term loans or increases in existing term loans (the "Incremental Second Lien Term Loans"), in each case, in an aggregate principal amount not less than \$25.0 million and, in the case of all incremental term debt incurred pursuant to this "Incremental Second Lien Term Facilities" section, in an aggregate principal amount not to exceed \$50.0 million (each, an "Incremental Second Lien Term Facility"), so long as, at the time the Borrower seeks commitments in respect of an Incremental Second Lien Term Facility, either (i) the aggregate cash and cash equivalents of the Borrower and its subsidiaries are less than \$80.0 million as of such date (or, in the good faith determination of the board of directors of the Borrower, are anticipated to be less than \$80.0 million as of the proposed date of incurrence of such Incremental Second Lien Term Facility) or (ii) the board of directors of the Borrower, in its good faith judgment, determines that the incurrence of such Incremental Second Lien Term Facility is in the best interest of the Borrower and its subsidiaries. Incremental Second Lien Term Loans shall be subject to terms and conditions usual and customary for financings of this type to be agreed, including, without limitation, a "most favored nation" provision pursuant to which, if the all-in yield of any Incremental Second Lien Term Loans exceeds the allin yield of the initial Second Lien Term Loans by more than 50 bps, the interest rate of initial the Second Lien Term Loans shall be automatically increased by a percentage that would cause such all-in yield differential not to exceed 50 bps. No Second Lien Term Lender will have an obligation to make any Incremental Second Lien Term Loan.

**PURPOSE:** 

The proceeds of the Second Lien Term Loans will be used by the Borrower on the Plan Effective Date (the "*Closing Date*") in accordance with and as provided in the Plan and, after the Closing Date, to finance the working capital needs and other general corporate purposes of the Borrower and its subsidiaries.

**AVAILABILITY:** 

The full amount of the Second Lien Exit Facility must be drawn in a single drawing on the Closing Date; amounts borrowed thereunder that are repaid or prepaid may not be reborrowed.

AMORTIZATION:

None.

All amounts outstanding under the Second Lien Exit Facility shall be paid in full on the Second Lien Term Loan Maturity Date (as defined below).

INTEREST RATES AND FEES:

Interest rates under the Second Lien Exit Facility will be calculated, at the option of the Borrower, at Adjusted LIBOR (subject to a 1.00% floor) <u>plus</u> the Applicable Margin (as defined below) or ABR (subject to a 2.00% floor) <u>plus</u> the Applicable Margin.

Additionally, on each interest payment date, at any time that the aggregate cash and cash equivalents of the Borrower and its subsidiaries is less than \$75.0 million as at the end of the most recently ended fiscal quarter, the Borrower may elect, in its sole discretion, to pay a portion of the accrued interest payable on the Second Lien Term Loans in kind (the "PIK Election") by adding an amount equal to 5.00% per annum to the outstanding principal amount of the Second Lien Term Loans on such interest payment date.

"Applicable Margin" is (i) in the case of Adjusted LIBOR loans, 8.00% per annum (or, at any time that the Borrower shall have made a PIK Election, 4.75% per annum) and (ii) in the case of ABR loans, 7.00% per annum (or, at any time that the Borrower shall have made a PIK Election, 3.75% per annum).

The Borrower shall pay an upfront fee (the "Upfront Fee") equal to 2.00% of the funded amount of the Second Lien Exit Facility on the Closing Date to the Second Lien Exit Facility Agent for the ratable account of each Second Lien Term Lender. Other than with respect to DIP Loans which are converted into Second Lien Term Loans (with respect to which the Upfront Fee shall be paid in cash), the Upfront Fee shall be paid in the form of original issue discount by deducting such Upfront Fee from the proceeds of the Second Lien Exit Facility on the Closing Date.

FINAL MATURITY:

The Second Lien Exit Facility will mature on the date that is five years after the Closing Date (the "Second Lien Term Loan Maturity Date").

**GUARANTEES:** 

All obligations of the Borrower under the Second Lien Exit Facility will be jointly and severally unconditionally guaranteed on a second lien secured basis (the "Second Lien Guarantees") by the same guarantors that guarantee the First Lien Exit Facility (it being understood that the subsidiary guarantee requirements under the Second Lien Exit Facility will be consistent with the subsidiary guarantee requirements under the First Lien Exit Facility).

**SECURITY:** 

The obligations of the Borrower under the Second Lien Exit Facility and the Second Lien Guarantees will be secured by a perfected second lien security interest in the same collateral that secures the First Lien Exit Facility (it being understood that the collateral requirements under the Second Lien Exit Facility will be consistent with the collateral requirements under the First Lien Exit Facility).

VOLUNTARY

Prepayments of borrowings under the Second Lien Exit Facility will be

**PREPAYMENTS:** permitted at any time without premium or penalty.

REPRESENTATIONS AND WARRANTIES:

The Second Lien Exit Facility Documents will contain representations and warranties acceptable to the Second Lien Term Lenders and substantially consistent with the corresponding provisions set forth in the First Lien Exit Facility Documents.

**CONDITIONS PRECEDENT:** 

The closing of the Second Lien Exit Facility will be subject to conditions precedent acceptable to the Second Lien Term Lenders and usual and customary for financings of this type and otherwise as set forth in the Backstop Commitment Letter and, with respect to documentary conditions, acceptable to the Second Lien Term Lenders and substantially consistent with the corresponding documentary conditions set forth in the First Lien Exit Facility Documents with appropriate modifications to reflect the second lien status of the Second Lien Exit Facility.

**AFFIRMATIVE COVENANTS:** 

The Second Lien Exit Facility Documents will contain affirmative covenants acceptable to the Second Lien Term Lenders and substantially consistent with the corresponding provisions set forth in the First Lien Exit Facility Documents, with appropriate modifications to reflect the second lien status of the Second Lien Exit Facility.

**NEGATIVE COVENANTS:** 

The negative covenants shall be acceptable to the Second Lien Term Lenders and substantially consistent with the corresponding provisions set forth in the First Lien Exit Facility Documents, with (a) appropriate modifications to reflect the second lien status of the Second Lien Exit Facility, and (b) monetary baskets and thresholds set at an additional cushion to be agreed against the applicable basket or threshold in the First Lien Exit Facility Documents.

**EVENTS OF DEFAULT:** The Second Lien Exit Facility Documents will contain events of default

acceptable to the Second Lien Term Lenders and substantially consistent with the corresponding provisions set forth in the First Lien Exit Facility Documents, with (a) appropriate modifications to reflect the second lien status of the Second Lien Exit Facility and (b) cross-acceleration (instead of cross-default) and cross-payment event of default at maturity to the

First Lien Exit Facility.

3. **FWE I Exhibits to the Plan of Merger**. To facilitate the implementation of the Apache Term Sheet and the Apache Definitive Documents pursuant to the Plan as contemplated in the RSA and the Apache Term Sheet, the Parties agree that subject to the negotiation of mutually agreeable definitive language, any order of the Bankruptcy Court confirming the Plan (the "Confirmation Order") shall provide for the following:

A of Schedule I to the Plan of Merger) and the Consenting Creditors shall release the Apache PSA Parties from any and all causes of action and claims of any kind related to the Legacy Apache Properties arising prior to the date of the Apache Term Sheet Implementation Agreement.

- FWE's assets to be allocated to, possessed by, assumed by, and vested in (iii) FWE I and Fieldwood Energy III LLC ("FWE III"), respectively, pursuant to the transactions contemplated by and in accordance with the Plan of Merger (the "Divisive Merger"), including contracts, leases, oil and gas leases and assets constituting real property interests (including all fee surface interests in land, surface leases, easements, rights of way, servitudes, licenses, franchises, road, railroad, and other surface use permits or agreements), shall be (a) free and clear of (i) any right of consent, notice, and other similar rights, if any, that are applicable to the vesting of the assets in connection with the Divisive Merger (such rights, the "Consent Rights") and (ii) all preferential purchase rights, rights of first refusal, drag-along rights, tag-along rights, and other similar rights, if any, that are applicable to the vesting of the assets in connection with the Divisive Merger (such rights, the "Preferential Purchase Rights"), but (b) subject to and burdened by (x) the liabilities and obligations allocated to and vested in, respectively, FWE I or FWE III, as specified in the Plan of Merger, pursuant to the Divisive Merger (collectively, "Allocated **Obligations**") and (y) Permitted Post-Closing Liens (as defined in the Schedule of Defined Terms for Required Confirmation Order Provisions, attached hereto as **Exhibit B**).
- (iv) Entities (as defined under section 101(15) of the Bankruptcy Code) or Parties that fail to timely file an objection are (a) forever barred from objecting to the allocation and vesting of the assets in connection with the Divisive Merger free and clear of all Consent Rights and Preferential Purchase Rights, and from asserting any alleged Consent Rights or Preferential Purchase Rights with respect to the Divisive Merger, and (b) deemed to consent to

and approve the allocation and vesting of the assets free and clear of all Consent Rights and Preferential Purchase Rights, regardless of whether such consent must be in writing pursuant to the terms of any agreement.

Subject to the Implementation Costs Cap (as defined below), FWE III shall, (v) and shall cause its debtor affiliates in the above-captioned chapter 11 cases to, on the Effective Date, provide for the payment of any and all documentary, filing, recording, stamp, and registration fees, costs, taxes, and expenses (including all reasonable and documented attorneys' fees and regulatory consultant fees) incurred or imposed after the Effective Time (as defined in the Plan of Merger) in connection with the filing of record by or on behalf of FWE I or GOM Shelf LLC of any instrument or instruments with the appropriate records office of any county, parish, state, federal, or other governmental unit (including BOEM) that may be required in connection with the implementation of the Divisive Merger or that either FWE I or GOM Shelf LLC determines in its respective sole discretion to be necessary or appropriate to reflect in the appropriate records of any governmental unit that as a result of the Divisive Merger (a) ownership of the FWE I Assets have been allocated to and are vested in FWE I (and to the extent appropriate to reflect ownership of the GOM Shelf Properties (as defined in the Plan of Merger) in GOM Shelf LLC), and (b) the Allocated Obligations have been allocated to and vested in, and constitute liabilities and obligations of, FWE I and FWE III, respectively (collectively, the "Implementation Costs"). For the avoidance of doubt, the documentary, filing, recording, stamp, and registration fees of FWE I or GOM Shelf LLC, shall include such costs and expenses required to file or to cause to be filed of record in the records office, as determined by Apache to be appropriate, of any county, parish, state, federal, or other governmental unit (including BOEM) of the mortgages, security interests and similar security documentation as is contemplated by the Standby Loan Agreement and the

Standby Credit Facility Documents to secure the obligations of FWE I and GOM Shelf LLC thereunder. Any Implementation Costs that exceed the Implementation Costs Cap shall be the sole responsibility of and paid for by FWE I.

- (vi) On the Effective Date, the Decommissioning Agreement shall be assumed by the Fieldwood PSA Parties. The Apache PSA Parties shall consent to such assumption and, upon such assumption, waive any claim for cure or compensation relating to any default that may exist under the Decommissioning Agreement at the time of assumption.
- Except for the rights and remedies to enforce (a) the Decommissioning (vii) Agreement against GOM Shelf LLC and FWE I following the Divisive Merger (which agreement shall be allocated to FWE I and GOM Shelf LLC under the Divisive Merger), (b) the Plan, (c) the Confirmation Order, and (d) the obligations contemplated by the Apache Definitive Documents, the Apache PSA Parties shall be deemed Releasing Parties (as defined in the Plan) under the Plan and waive and release any and all pre-Effective Date claims of any kind (including, without limitation, the Apache Audit Claims, the Apache Trust A Claims and any claims that could qualify as administrative expense claims) against the Debtors, their estates and any other Released Party (as defined in the Plan), in all circumstances only to the extent such claims accrued on or prior to the Effective Date and only to the extent such releases do not impair the Decommissioning Security, or Apache's ability to draw on the Decommissioning Security in any respect. For the avoidance of doubt, any and all claims the Apache PSA Parties may have against FWE I related to the Decommissioning Agreement arising post-Effective Date and any security obtained, pledged in connection with the Decommissioning Agreement provided, "Decommissioning Security") will be preserved.

- (viii) Except for the rights and remedies to enforce (a) the Decommissioning Agreement against the Apache PSA Parties following the Divisive Merger, (b) the Plan, (c) the Confirmation Order, and (d) the obligations contemplated by the Apache Definitive Documents, the Debtors shall waive and release any and all pre-Effective Date claims of any kind against the Apache PSA Parties, in all circumstances only to the extent such claims accrued on or prior to the Effective Date. For the avoidance of doubt, any and all claims FWE I may have against the Apache PSA Parties related to the Decommissioning Agreement arising post-Effective Date and the Decommissioning Security will be preserved.
- Security, all claims for premiums, fees, reimbursement, indemnification, or any other claims, fixed, contingent, liquidated, unliquidated, or otherwise against the Debtors held by the companies issuing the bonds or letters of credit, shall neither be allocated to nor become the obligations of FWE I under the Plan of Merger. Notwithstanding the foregoing, all rights of the Apache PSA Parties with respect to such bonds and letters of credit shall be preserved as against such bonding companies and letter of credit issuers in all respects. The Debtors shall not terminate any bonds issued on behalf of the Debtors relating to the Legacy Apache Properties under which any federal, state or local governmental entity is an obligee.
- (x) With respect to the agreements and memberships relating, in whole or in part, to well containment/control, clean-up of spills, or other pollution, or the gathering of data relating to certifications required to be made to a governmental unit with respect to the FWE I Assets (as defined in the Plan of Merger) or GOM Shelf Oil and Gas Properties (as defined in the Plan of Merger), to the extent any such agreements or memberships are also needed in respect to any Credit Bid Acquired Interests or FWE III Assets (as defined in the Plan of Merger) that are set

forth on **Exhibit 23** hereto, then on or before the Effective Date, FWE shall obtain new agreements and membership for such use with respect to the Credit Bid Acquired Interests or FWE III Assets. With respect to any Excluded Contracts (as defined in the Plan of Merger), FWE shall, on or before the Effective Date, prepare and negotiate replacement agreements with the counterparties to such Excluded Contracts upon substantially the same terms as such Excluded Contracts which may be executed by FWE I immediately following the Effective Date.

- agreement, amend and modify, without the consent of the Consenting Creditors, the forms of the agreements governing the terms of employment of the Independent Director (as defined in the Apache Term Sheet) of FWE I and of the "sole manager" (as that term is used in the Apache Term Sheet) of FWE I (the "Sole Manager"), and the form of the agreement with the "service provider" (as that term is used in the Apache Term Sheet) of FWE I (the "Contract Services Provider") to be included in the bid package for the Contract Services Provider (collectively, such forms of agreement comprise the "Fieldwood I Administrative Documents").
- (xii) The Bankruptcy Court (i) approves the Apache Definitive Documents and all transactions contemplated by the Apache Term Sheet Implementation Agreement, including the Plan of Merger and Standby Credit Facility Documents, and all actions to be taken, undertakings to be made, and obligations to be incurred by FWE I contemplated thereby; and (ii) following the consummation of the Plan of Merger, authorizes FWE I, without further notice to or action, order, or approval of this Bankruptcy Court and without the need for any further corporate or shareholder action, to enter into, deliver, and fully perform its obligations under the Apache Definitive Documents, including without limitation, the Standby Credit Facility Documents. Upon entry of the Confirmation Order, FWE I or the Sole Manager, as applicable,

shall be authorized and empowered, without further approval of the Bankruptcy Court or any other party, to take such actions and perform such acts as may be necessary, convenient, desirable, or appropriate to execute and deliver the Apache Definitive Documents in accordance with the Plan and to execute and deliver all documents relating thereto and to perform all of their obligations thereunder. On the Effective Date, the Apache Definitive Documents shall constitute legal, valid, binding, and authorized obligations of FWE I, enforceable in accordance with their terms, and such obligations of FWE I shall not be enjoined or subject to discharge, impairment, release, avoidance, recharacterization, or subordination by FWE I or the Post-Effective Date Debtors (as defined in the Plan) under applicable law, the Plan, or the Confirmation Order. On the Effective Date, all liens granted pursuant to, or in connection with, the Apache Definitive Documents shall be deemed granted by FWE I and/or GOM Shelf LLC, in each case, pursuant to the Apache Definitive Documents. On the Effective Date, all liens granted pursuant to, or in connection with Apache Definitive Documents, as applicable, (i) shall be valid, binding, perfected, enforceable liens and security interests in the property described in the applicable Apache Definitive Documents granted by FWE I and/or GOM Shelf LLC pursuant to the Apache Definitive Documents, as applicable, with the priorities established in respect thereof under applicable nonbankruptcy law and the Apache Definitive Documents, including, but not limited to, the Mortgages, Security Agreement or Standby Loan Agreement and (ii) shall not be enjoined or subject to discharge, impairment, release, avoidance, recharacterization, or subordination by FWE I and/or GOM Shelf LLC under applicable law, the Plan, or the Confirmation Order. For the avoidance of doubt, the liens granted to Apache pursuant to the Recharacterization Mortgages (as such term is defined in the Decommissioning Agreement, as amended from time to time, and as supplemented by the Recharacterization Mortgages) upon any recharacterization of the Trust A

or Trust A-1 NPIs (as such terms are defined in the Decommissioning Agreement, as amended from time to time, and as supplemented by the Recharacterization Mortgages) shall be senior in all respects to any other liens.

- 5. **Implementation Costs Cap.** No later than twenty-one (21) days after the effective date of this Agreement (as such date may be extended upon mutual written consent by the Parties including via email), the Parties shall mutually agree in good faith on the estimated amount of Implementation Costs to be funded by the Debtors (such amount, the "Implementation Costs Cap"). In the event the Parties are unable to reach a mutual agreement as to the Implementation Costs Cap, the determination shall be submitted to and determined by the law firm of Geiger Laborde & Laperouse, LLC (the "Referee"). If the Referee shall be responsible for determining the Implementation Costs Cap, each Party will be required to submit its respective estimate regarding the Implementation Costs Cap to the Referee. The Referee will then conduct its own investigation and issue its decision regarding the Implementation Costs Cap, where such amount shall not be (i) higher than the highest estimate submitted by a Party, or (ii) lower than the lowest estimate submitted by a Party. The Referee's decision shall be considered final and binding. Moreover, the Parties will each pay half of the total costs relating to the Referee's determination of the Implementation Costs Cap. The Apache PSA Parties' portion of such costs shall not be considered Apache Fees and Expenses.
- 6. **Fieldwood I Administrative Documents**. The documents below comprise the Fieldwood I Administrative Documents:
  - (i) Sole Manager Agreement. Annexed hereto as **Exhibit 19**.
  - (ii) Independent Director Agreement. Annexed hereto as **Exhibit 20**.

- (iii) Form of Contract Services Agreement, to be included in the bid package for the Contract Services Provider. Annexed hereto as **Exhibit 21**.
- (a) Any waivers, amendments, or modifications made to the Fieldwood I Administrative Documents or any provisions contained therein shall be made by mutual agreement between the Fieldwood PSA Parties and the Apache PSA Parties without the consent of the Consenting Lenders.

#### 7. Termination of Agreement and Tolling of General Bar Date.

- (a) This Agreement shall terminate upon the earlier to occur of (i) the termination of the RSA and (ii) the termination of Apache as a party to the RSA. Upon termination of this Agreement, each Party shall be immediately released from its obligations, commitments, undertakings and agreements under or related to this Agreement; provided that in no event shall any such termination relieve a Party from liability for its breach or non-performance of its obligations hereunder prior to the date of such termination.
- (b) Notwithstanding the General Bar Date, the Parties agree that Apache shall not file a proof of claim against the Debtors on account of the Apache Claims until after the earliest to occur of the following (the date of the earliest to occur of the following, the "Apache POC Filing Date"): (i) the date that this Agreement is terminated, (ii) the date that FWE, without Apache's express, written consent, files a plan of reorganization materially inconsistent with the RSA, the Apache Term Sheet, or the Apache Definitive Documents, (iii) the date that FWE's chapter 11 case is converted to a case under chapter 7, and (iv) January 15, 2021 if the RSA has not been amended to modify or remove the requirement that Apache timely vote its Claims and Interests to accept the Plan contemplated by the RSA. Following the occurrence of the Apache POC Initial Filing Date, at any time within the period of thirty (30) days after the Apache POC

Initial Filing Date, Apache shall have the right to file a proof of claim or proofs of claim against the Debtors on account of the Apache Claims. The terms of this paragraph 7(b) shall survive the termination of this Agreement.

8. **363 Credit Bid Transaction.** In the event the credit bid sale transaction to Credit Bid Purchaser (or another special purpose bidding entity formed by or at the direction of the Prepetition FLTL Lenders) is pursued pursuant to section 363 of the Bankruptcy Code as contemplated in the Plan (the "363 Credit Bid Transaction"), the Apache PSA Parties agree, consistent with their obligations under the RSA, to support and take reasonable actions to facilitate the 363 Credit Bid Transaction, and cooperate in good faith with Debtors, the Required DIP Lenders and Requisite FLTL Lenders to facilitate the 363 Credit Bid Transaction, including, without limitation, by making any amendments to the Apache Definitive Documents; provided that no such actions shall require the Apache PSA Parties to alter the economics of the Apache Definitive Documents without the Apache PSA Parties' express written consent.

### 9. Credit Bid Purchase Agreement Terms.²

(a) The terms of the Credit Bid Purchase Agreement (or an alternative purchase and sale agreement conveying the Credit Bid Acquired Interests to a buyer) that relate to (i) the scope of Credit Bid Assumed Liabilities (including payables with respect to the Legacy Apache

² The Consenting Creditors agreed under the Apache Term Sheet that "any outstanding accounts receivable and accounts payable associated with the Legacy Apache Properties as of the effective date of Fieldwood's plan of reorganization shall be retained by [Credit Bid Purchaser]." However, for the avoidance of doubt, any language in Paragraph 9 or Exhibit 22 of this Agreement that differs from, supplements, modifies or is otherwise inconsistent with the foregoing language in the Apache Term Sheet (including, without limitation, any language that relates to items that are not accounts payable associated with the Legacy Apache Properties as of the effective date of Fieldwood's plan of reorganization being retained by Credit Bid Purchaser or any language that relates to items that are accounts receivable associated with the Legacy Apache Properties as of the effective date of Fieldwood's plan of reorganization not being retained by Credit Bid Purchaser) has not been agreed to by the Consenting Creditors, and the Consenting Creditors reserve all rights with respect to any such difference, supplement, modification or inconsistency.

Properties and the Retained Properties) to be assumed by the buyer thereunder and any indemnities with respect thereto and (ii) the scope of receivables with respect to the Legacy Apache Properties to be assigned to the buyer and the obligations that may be imposed on FWE I with respect to the collection of such receivables ((i) and (ii), collectively, the "**Specified Credit Bid Terms**") shall be in form and substance acceptable to Apache and the Debtors.

- (b) The Parties agree that the terms as set forth on **Exhibit 22** that relate to the Specified Credit Bid Terms are acceptable to Apache and the Debtors to address the Specified Credit Bid Terms in the Credit Bid Purchase Agreement (or an alternative purchase and sale agreement conveying the Credit Bid Acquired Interests to a buyer), and any terms contained in the Credit Bid Purchase Agreement (or an alternative purchase and sale agreement conveying the Credit Bid Acquired Interests to a buyer) that relate to the Specified Credit Bid Terms, other than as set forth on Exhibit 22, must be in form and substance acceptable to Apache and the Debtors.
- 10. **Transfer of Retained Properties**. Notwithstanding anything to the contrary herein, any Retained Properties transferred to Credit Bid Purchaser (or another special purpose bidding entity formed by or at the direction of the Prepetition FLTL Lenders) in a credit bid sale transaction shall be conveyed in accordance with the Decommissioning Agreement. Any amounts payable to Trust A on account of such transfer shall be the obligation of FWE I. Apache agrees to work with FWE and the Trust A trustee to obtain the required releases from Trust A and conveyances of such interest to Credit Bid Purchaser in connection with this transfer.
- 11. **Effectiveness; Counterparts.** This Agreement shall become effective and binding upon each Party upon the execution and delivery by such Party of an executed signature page hereto and shall become effective and binding on all Parties on the date when all Parties have executed and delivered a signature page hereto. This Agreement may be executed in several

counterparts, each of which shall be deemed to be an original, and all of which together shall be deemed to be one and the same agreement. Execution copies of this Agreement may be delivered by electronic mail, or otherwise, which shall be deemed to be an original for the purposes of this paragraph.

12. Governing Law; Jurisdiction; Waiver of Jury Trial. To the maximum extent permitted by applicable law, this Agreement is governed by and is to be construed in accordance with the internal laws of the State of Texas, without giving effect to any principles of conflicts of law thereunder that would result in the application of the laws of any other jurisdiction. Each Party irrevocably agrees that any legal action, suit, or proceeding arising out of or relating to this Agreement brought by any party or its successors or assigns shall be brought and determined in the Bankruptcy Court and each Party hereby irrevocably submits to the exclusive jurisdiction of the Bankruptcy Court, and if the Bankruptcy Court does not have (or abstains from) jurisdiction, Courts of the State of Texas and of the United States District Court of the Southern District of Texas, and any appellate court from any thereof, for itself and with respect to its property, generally and unconditionally, with regard to any such proceeding arising out of or relating to this Agreement. Each Party further agrees that notice as provided herein shall constitute sufficient service of process and the Parties further waive any argument that such service is insufficient. Each Party hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any proceeding arising out of or relating to this Agreement, (a) any claim that it is not personally subject to the jurisdiction of the Bankruptcy Court as described herein for any reason, (b) that it or its property is exempt or immune from jurisdiction of such court or from any legal process commenced in such court (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment,

execution of judgment, or otherwise) and (c) that (1) the proceeding in such court is brought in an

inconvenient forum, (2) the venue of such proceeding is improper, or (3) this Agreement, or the

subject matter hereof, may not be enforced in or by such court. EACH OF THE PARTIES

HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED

BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY ACTION OR

PROCEEDING ARISING OUT OF RELATING TO THIS AGREEMENT. EACH PARTY

CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER

PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER

PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE

FOREGOING WAIVER.

Re: Legacy Apache Properties Term Sheet

Dear Mr. Lannie:

Attached as <u>Exhibit A</u> is the agreed upon term sheet dated July 31, 2020, by and between Fieldwood Energy LLC and certain of its affiliates (collectively, the "**Fieldwood PSA Parties**") and Apache Corporation and certain of its affiliates (collectively, the "**Apache PSA Parties**" and, together with the Fieldwood PSA Parties, the "**Parties**") supporting the restructuring of the portion of the Fieldwood PSA Parties' business relating to certain assets described therein as the "Legacy Apache Properties" (the "**Legacy Apache Properties Term Sheet**").

The Parties may execute and deliver this letter agreement by electronic reproduction and in multiple counterparts, each of which shall constitute an original and all of which shall be one and the same document. This letter agreement shall be governed by the laws of the State of Texas without regard to any choice of law principles.

#### Exhibit A

#### Term Sheet for Fieldwood Energy LLC Restructuring

#### **Summary of Principal Terms**

Entity Owning Legacy Apache Properties Post-Confirmation

All oil and gas assets conveyed by Apache Corporation ("Apache") and certain of its affiliates (collectively, the "Apache PSA Parties") in favor of Fieldwood Energy LLC ("Fieldwood" or "debtor") and certain of its affiliates (collectively, the "Fieldwood PSA Parties") pursuant to that Purchase and Sale Agreement dated as of July 18, 2013 between the Apache PSA Parties and the Fieldwood PSA Parties (as amended, "PSA"), plus all leases, wells, fixtures, equipment, permits, ONRR royalty and other deposits, decommissioning bonds with third parties relating to previously sold assets, decommissioning bonds posted by Fieldwood on Legacy Apache Properties, inventory, facilities, easements, pipelines, and related property associated therewith, less and except any such assets sold, assigned, decommissioned, or otherwise disposed of by Fieldwood to third parties or otherwise prior to the date of this Term Sheet or as contemplated in this Term Sheet, and not including the Retained Properties (defined below) (collectively, the "Legacy Apache Properties") shall be owned post-confirmation by a Reorganized Fieldwood unless a different entity is created in accordance with the section entitled "Assumption of Obligations" below (this portion of the business of the Reorganized Fieldwood being referred to hereinafter as "Fieldwood I"). Any outstanding accounts receivable and accounts payable associated with the Legacy Apache Properties as of the effective date of Fieldwood's plan of reorganization shall be retained by Fieldwood II (defined below), and any accounts receivable and accounts payable accruing after the effective date of Fieldwood's plan of reorganization shall accrue to the benefit or obligation of Fieldwood I. Fieldwood I will retain BOEM Operator numbers and Qualification cards for Fieldwood and Fieldwood's affiliate GOM Shelf LLC.

Fieldwood I shall (i) have no assets or liabilities upon confirmation other than the Legacy Apache Properties and operational liabilities, including plugging and abandonment and decommissioning liabilities relating to the Legacy Apache Properties and certain assets described under "Additional Initial Funding Sources" and "Assumption of Obligations" below, (ii) be a bankruptcy remote business entity with a governance structure which is consistent with the business goals of the parties outlined herein (which includes an independent director or manager whose vote is needed to approve major decisions such as bankruptcy. receivership, liquidation, mergers, and consolidations, and removal and appointment (after the initial appointment) of the sole manager and service provider described below (the "Independent Director")), (iii) not be a reporting entity for SEC purposes, (iv) as of the confirmation date, not create a variable interest entity that Apache is required to consolidate, and (v) is structured in a tax efficient manner within the constraints of the criteria set forth in items (i) through (iv) above. To the extent it will accomplish the goals of the parties outlined herein and is otherwise allowed by applicable law, Fieldwood I and the holder of Fieldwood's other assets not sold during the pendency of the Chapter 11 cases ("Fieldwood II") may be created by a divisional merger of Fieldwood under applicable state law upon the confirmation of Fieldwood's plan of reorganization.

# Management of Fieldwood I

Fieldwood I will not have employees other than a sole manager. Apache and debtor shall each provide the other with a list of three candidates with a minimum of five (5) years of relevant experience in the energy sector. If one or more names appear on both lists, then the debtor will select the initial sole manager of Fieldwood I from those common name(s). If there are no common names, then each shall have the right to strike two names from the other party's list and the bankruptcy judge shall select the sole manager from the two remaining names (one from each list). In the event the sole manager must be removed (which shall require Apache's consent) and/or replaced or resigns or otherwise no longer serves, then the foregoing procedure will be repeated (except that the Independent Director will replace the bankruptcy court and Fieldwood I will replace the debtor for that purpose).

The initial Independent Director shall be appointed by the debtor and shall be a natural person who is not and, for the prior five years has not been, a director, officer, employee, trade creditor, or shareholder (or spouse, parent, sibling, or child of the foregoing) of Fieldwood, any affiliate of Fieldwood, or any lender to Fieldwood (a "Qualified Person"), and shall be an individual provided by Citadel SPV, Global Securitization Services, LLC, Corporation Service Company, CT Corporation, Lord Securities Corporation, Wilmington Trust Company, or, if none of those companies is then providing professional independent managers, another nationally-recognized company selected by Fieldwood with Apache's consent (the "Approved List") and approved by the bankruptcy court. The Independent Director may not be removed, except with Apache's consent. If the Independent Director is removed, resigns, or otherwise ceases to serve, then Fieldwood I shall select another Independent Director who is a Qualified Person from the Approved List.

The limited liability agreement will specify that the sole manager will have the right to control the business and operations of Fieldwood I at all times prior to the completion of the decommissioning of the Legacy Apache Properties owned by Fieldwood I, subject to compliance with the following covenants which can only be waived with Apache's consent:

- 1. Fieldwood I shall not have any business or operations other than operating the Legacy Apache Properties and decommissioning them;
- 2. Fieldwood I shall not purchase, sell, or farm-in any asset;
- 3. Except in compliance with item 4 immediately below, Fieldwood I shall not farm-out any asset;
- 4. If anyone makes an unsolicited proposal to farm in to any of the Legacy Apache Properties on fair market terms and conditions (including fair market rates of return), then Fieldwood I shall be obligated to market such farm-in opportunity and accept the highest and best offer for such farm-in opportunity as long as the transaction is accretive to Fieldwood I cashflow;
- 5. Fieldwood I shall not incur indebtedness for borrowed money other than under the Standby Facility (defined below);
- 6. Fieldwood I shall not use its free cash flow (after operating expenses) for any purposes other than fulfilling is obligations to Apache under the

# Decommissioning Agreement (defined below) and the Standby Facility (defined below) until those obligations have been satisfied in full;

- 7. Fieldwood I shall not amend its bylaws, limited liability agreement, or other organizational documents, and any effort to do so shall be ineffective for any purpose;
- 8. Fieldwood I shall not engage in any activity or take any action outside the ordinary course of business; and
- 9. Fieldwood I shall not dissolve, liquidate, or merge or consolidate with any other entity.

#### Employee Matters

Fieldwood shall provide Apache with a list of certain employees involved in the operation and management of the Legacy Apache Properties no later than one month after finalizing definitive documentation for the transactions reflected in this Term Sheet and shall make such employees available on a mutually agreed timeline to be interviewed by Apache for potential employment by Apache following the consummation of the Fieldwood I transaction. Apache shall have no obligation to hire any such employees.

Fieldwood is willing to consider assigning all or a portion of its existing decommissioning business, including separate P&A equipment and spreads, to Apache in connection with mutually agreeable resolution of Fieldwood I terms and based on Fieldwood II's residual business post-restructuring. Consummation of the transaction outlined herein shall not be conditioned on Apache's potential acquisition of such decommissioning business.

# Operations and Decommissioning Activities

Fieldwood I shall hire an independent third-party service provider to perform all operations and decommissioning on behalf of Fieldwood I. The work to be performed by the independent service provider shall be bid out to not less than three (3) qualified candidate service providers, each with a minimum of five (5) years of relevant experience. The qualified bidder who bids the lowest price and best terms, in view of relevant experience, shall be selected as the initial service provider. To facilitate the transition process prior to selection of such service provider, upon the effectiveness of the plan of reorganization, Fieldwood I will enter into a transition services agreement with Fieldwood II to provide operational services for Fieldwood I and the initial service provider. Such transition services agreement may be terminated by Fieldwood I at any time. In the event the service provider must be removed (which may be done by the sole manager, but only with Apache's consent) and/or replaced or otherwise no longer serves, then the sole manager shall again bid out the work in accordance with the procedures outlined hereinabove. No later than 45 days after the Chapter 11 filing date (the "Petition Date"), Fieldwood may select with Apache's consent, which consent may be withheld by Apache in its sole discretion, certain properties (the "Retained Properties") for which Fieldwood II or its successors shall retain operatorship or ownership and operatorship. Properties set forth on Schedule A, attached hereto. constitute the agreed-upon Retained Properties as of the date of this Term Sheet. With regard to ST 308 (identified as a Retained Property on Schedule A).

¹ Properties comprise fields, onshore and offshore facilities, inventory, shore bases, and other assets in which Fieldwood has acquired an incremental working interest separate from the Apache acquisition or have an operational relationship to other Fieldwood properties and which will be operated by or owned and operated by the Fieldwood II or the Fieldwood deepwater business.

Fieldwood's interest in such property will be transferred to, or allocated through the divisional merger, and owned and operated by the party who owns the deepwater Katmai project upon effectiveness of Fieldwood's plan of reorganization, and the owner of such property shall provide Fieldwood I with a surety bond in a form acceptable to Fieldwood I securing the decommissioning obligations for the ST 308 lease and associated ROW(s) in the amount of \$13.2 million. With regard to VR 78 and VR 362/371 (each identified as a Retained Property on Schedule A), Fieldwood's interest in such properties will remain with Fieldwood II and be owned and operated by Fieldwood II, and Fieldwood II shall assume the decommissioning obligations with respect to those properties. With regard to the four properties listed on Schedule A as "Operatorship" in which ownership will be retained by Fieldwood I, a joint operating agreement reasonably satisfactory to Apache will be put in place (or amended) which provides that Fieldwood I as non-operator will have the right to opt in or out of participation in any future capital spending or project related to a work-over or recompletion of an existing well on the property or the drilling of a new well on the property (a "New Project"). If Fieldwood I elects not to participate in accordance with the applicable joint operating agreement, Fieldwood II as Operator may fund (and, if so, it will indemnify Fieldwood I against costs and liabilities associated with) such New Project as an exclusive (sole risk) operation giving Fieldwood II sole right and obligation to any and all risk, costs, liabilities, downside, and upside from such New Project. Fieldwood I shall retain all of its rights and obligations relating to the property other than those rights and obligations created by the New Project. Services provided by Fieldwood II under such JOA will be billed to Fieldwood I at Fieldwood II's actual costs without any actual or allocated overhead or additional G&A charges.

Services provided by Apache or its third-party contractors to Fieldwood I will be billed to Fieldwood I at Apache's cost and according to typical industry practices under a joint operating agreement.

#### Right to Fund Capital Expenditures

Apache will have the right, but not the obligation, to fund any future capital expenditures related to projects forecast to increase production or cash flow on the Legacy Apache Properties ("Approved CapEx") upon terms and conditions mutually agreed between Apache and Fieldwood I.

At confirmation, to the extent it is formed or the equivalent entity exists, Fieldwood II and Fieldwood I will enter into a Joint Development Agreement ("JDA") whereby Fieldwood II has the right for two years to present capital projects to Fieldwood I relating to Legacy Apache Properties, which will give Fieldwood I, in Fieldwood I's sole discretion, the option to participate or decline participation under terms mutually agreed and set forth in the JDA. Also, if Fieldwood I intends to decommission a property that was producing at the time Fieldwood I was created, upon notice, Fieldwood II will have the option for a period of time to be agreed on by the parties to request to take over (in the form of participation or conveyance to Fieldwood II) such property in accordance with terms set forth in the JDA. Such request may be accepted or rejected by Fieldwood I in its sole discretion.

Initial Capitalization	Fieldwood shall deposit into Fieldwood I an amount equal to \$50 million minus the actual post-petition decommissioning spend by Fieldwood on the Legacy Apache Properties.						
Additional Initial Funding Sources	In addition to Fieldwood's contribution above, Fieldwood I will be capitalized and funded as follows:						
	Any and all funds in Trust A shall be made available as described under      "Assumption of Obligations" below and						
	<ol> <li>Cash flow from the Legacy Apache Properties shall be reinvested and used for decommissioning activities, to fund Approved CapEx, and to repay amounts outstanding, if any, under the Standby Facility.</li> </ol>						
Assumption of Obligations	Fieldwood I shall continue to be responsible for all of Fieldwood's obligations under the Decommissioning Agreement dated as of September 30, 2013 among the Apache PSA Parties and the Fieldwood PSA Parties (as amended, the "Decommissioning Agreement") and the PSA, including all related contracts, and all contracts relating to insurance, surety bonds, letters of credit, and other decommissioning security assets and all other obligations relating to the Legacy Apache Properties (except to the extent reimbursement or indemnification obligations with respect to the surety bonds and letters of credit are discharged through the bankruptcy), but shall not be responsible for any other obligations of Fieldwood related to its other assets. However, if Fieldwood I is created in a manner other than a divisional merger and is not a residual entity from Fieldwood, Fieldwood I shall assume the same obligations described in the immediately preceding sentence, and Fieldwood and Apache will agree on a structure to complete the formation transaction consistent with the intent of this Term Sheet; provided that all necessary consents can be obtained in order to preserve all material rights of Apache under the material contracts described above, including the letters of credit and bonds issued to Apache in support of the Decommissioning Agreement. If the plan of reorganization confirmed by the bankruptcy court and the definitive documents contemplated herein are consistent with the terms herein unless otherwise agreed and grant Apache all the rights and protections provided for in this Term Sheet unless otherwise agreed, then Apache will waive any claims against the debtor based on any alleged prepetition breach of the Decommissioning Agreement or any related agreement and shall release any and all claims against the debtors and all other released parties under Fieldwood's plan of reorganization (and such releases shall be mutual with Apache benefiting as a released party under the plan) but only to the extent such releases do not i						

	be entitled to draw at any time prior to completion of decommissioning of the Legacy Apache Properties should certain letters of credit or bonds of the Decommissioning Security not be renewed in a manner consistent in all respects with the existing terms of such letters of credit or bonds, and, if drawn in such manner, such funds shall be contributed to Trust A. Fieldwood I shall take any action reasonably requested by Apache to entitle Apache to draw on the Decommissioning Security as contemplated in this Term Sheet and shall not take any position in any proceeding or otherwise inconsistent with Apache's ability to draw on the Decommissioning Security.
Standby Facility	After the Decommissioning Security has been exhausted or is not available to pay or reimburse Apache for decommissioning, Fieldwood I will have the right to borrow from Apache the funds required to perform decommissioning on the Legacy Apache Properties via a line of credit (the "Standby Facility").  The Standby Facility shall have a first lien on all the assets of Fieldwood I. Cash advanced shall earn interest at 400 basis points (4% per annum) over the interest rate of Apache's then most recently issued bonds. All principal and interest will be paid in cash from the first available free cash flow of Fieldwood I following each loan. Additional customary terms and conditions TBD. The first lien shall also secure Fieldwood I's obligations to Apache under the Decommissioning Agreement.
	The Standby Facility shall mature at completion of all decommissioning activities.
Beneficiaries of the Fieldwood I	Fieldwood has the right to designate who shall receive ownership interests entitling the holder to any assets remaining in Fieldwood I after decommissioning is complete and the Standby Facility is repaid. Such interests may be distributed by Fieldwood (consistent with the rules of priority and as may be negotiated under the plan) upon confirmation of Fieldwood's plan of reorganization or as otherwise agreed thereafter but shall thereafter be non-transferable on the books and records of Fieldwood I, it being the goal of all parties that Fieldwood I will not be a reporting entity for SEC purposes and such ownership interests in Fieldwood I shall not be registered or traded on any exchange. Apache understands and agrees that the restructuring transactions currently contemplated by the RSA (defined below) do not provide for the DIP Lenders or the pre-petition FLTL Lenders becoming beneficial owners of Fieldwood I.
Fieldwood's Plan of Reorganization	Apache will support a Fieldwood Chapter 11 plan of reorganization which provides for the Fieldwood I structure outlined herein and will execute a restructuring support agreement ("RSA") consistent with the terms herein evidencing same. The RSA shall provide that Apache shall have consent rights over all definitive documents related to the Fieldwood I structure outlined herein, and over the portions of the plan of reorganization and the confirmation order that provide for and approve the Fieldwood I structure outlined herein. The RSA shall contain customary termination rights.
Post-Petition Decommissioning Activity	The DIP Budget shall provide Fieldwood with reasonable funds to accomplish the following during the pendency of the Chapter 11 cases, as it pertains to the Legacy Apache Properties:

r	
	<ol> <li>Maintain and operate the properties as a reasonably prudent operator in the ordinary course of business,</li> <li>Maintain all of the assets in their current condition, subject to the Post-Petition Decommissioning Budget (defined below), and insurance upon such assets in amounts and kinds comparable to pre-petition coverage,</li> </ol>
	3) Perform decommissioning activities consistent with the Decommissioning Agreement in accordance with a budget agreed to in advance between Fieldwood and Apache (the "Post-Petition Decommissioning Budget"), the total amount of which budget shall not be greater than \$50 million during the pendency of the case, assuming an emergence by March 31, 2021. In the event of emergence later than March 31, 2021, Fieldwood and Apache shall (i) work in good faith to agree upon an extended Post-Petition Decommissioning Budget and (ii) in such event, if (a) Fieldwood has insufficient operating income from the Legacy Apache Properties to perform any required decommissioning within respect to any Legacy
Expense	Apache Property, after mutually agreed upon capital expenditures, and (b) any governmental authority or any other Person or entity causes Apache or its Affiliates to conduct decommissioning that is required in accordance with applicable Law or contract, then Apache will conduct or cause to be conducted such decommissioning in accordance with the terms of the Decommissioning Agreement.
Reimbursement	Fieldwood will pay up to \$4,000,000 of reasonable and documented fees and expenses of Apache related to the formation of Fieldwood I and Fieldwood's restructuring; provided that such fees and expenses shall only be payable so long as Apache is a party to the RSA.
Other Matters	Briarlake office sublease to be renegotiated (i) to reflect current market rates for remainder of sublease term; and (ii) to reflect reduced square-footage consistent with the scale and business functions of Fieldwood II or its successors as a result of the Chapter 11 plan of reorganization).  Fieldwood and Apache shall negotiate mutually agreeable definitive documentation for the transactions reflected in this Term Sheet within 45 days of
	the Petition Date. Additionally, Apache acknowledges and agrees that the definitive documentation implementing the transactions contemplated under this Term Sheet shall be subject to approval of holders of consent rights as set forth in the RSA, including certain DIP and FLTL Lenders consent rights, which approval shall not be unreasonably withheld, it being understood that good faith negotiations with respect to matters not addressed in this Term Sheet shall not be considered unreasonably withholding approval.
Effectiveness	The transactions contemplated by this Term Sheet, and as set forth in definitive documentation, shall (i) require that the Decommissioning Agreement and related agreements will not be rejected by the debtor during the Chapter 11 case, and such obligations shall be allocated to, and remain the obligations of, Fieldwood I upon
